FROM THE PRESIDENT...

In 1987, I enrolled as a student at Columbia International University because I shared the university's heart for reaching the nations with the message of Jesus Christ.

During my student years, I came to know and appreciate CIU's five core values: the Authority of Scripture, World Evangelization, Prayer and Faith, Victorious Christian Living, and Evangelical Unity. These core values shape and define CIU because they represent our purpose and passion.

Today, as in 1987, CIU continues its mission of training professional ministers and ministering professionals to impact the world with the message of Christ. Our programs of study are designed to equip you in the academic area or profession of your choice and to provide you with a strong foundation in God's Word and His truth.

I believe that an education at CIU will transform you intellectually, professionally, and spiritually as you gain new friends, learn, and experience God in a new way.

I invite you to come and spend time on our campus. Visit with our students, talk to our faculty, see our passion, and experience what it's like to really know Him and make Him known.

This catalog contains information about living and studying at CIU, but it may not tell you everything you want to know. If we can help you personally, please call (800) 777-2227 or email the Admissions office at yesciu@ciu.edu to discuss your specific needs or questions with one of our counselors.

Warmly in Christ,

William H. Jones, D.Min.
President

INTRODUCTION

Columbia International University is a dynamic university that trains Christians for global missions, full-time vocational Christian ministry in a variety of strategic professions, and marketplace ministry.

Columbia International University (CIU) offers undergraduate, graduate, postgraduate, and advanced programs. The corporation also includes Ben Lippen School, a Pre-K through 12th grade Christian school that prepares young people to fulfill the Great Commission.

Located on 400 scenic acres next to the Broad River, just minutes from the hub of South Carolina's capital city of Columbia, the beautiful campus is home to a diverse group of Christians. The student body represents many denominations, ethnic and cultural backgrounds, and reflects the socioeconomic diversity of the world — united by their desire to know Christ and to make Him known.

History

CIU was born out of a prayer group of six women who sought the Lord for a means to evangelize and disciple mill workers in Columbia. The results went beyond their expectations. The CIU ministry was founded in 1923 as Columbia Bible School, occupying the former Colonia Hotel in downtown Columbia in 1927. The school became Columbia Bible College in 1930, one of the nation's first four-year Bible colleges. Graduate courses were first offered in 1936, marking the beginning of what is now CIU's Seminary & School of Ministry. The school moved to its present 400-acre campus in suburban Columbia in 1960 and changed its corporate name to Columbia International University in 1994. In the 2009-2010 academic year, programs were moved to their respective colleges: College of Arts and Sciences, College of Counseling, College of Education, College of Intercultural Studies, and the Seminary and School of Ministry.

Robert C. McQuilkin was CIU's first president, holding the office until his death in 1952. He was succeeded by G. Allen Fleece, who led the university until 1966. Robertson McQuilkin, son of the first president, served from 1968 through 1990. Then Johnny V. Miller, current CIU faculty member and former pastor, served as president from 1991 through 1999. George Murray was appointed president in 1999 and then as chancellor in 2007. Dr. Bill Jones currently serves as president and has been serving since 2007.

As our motto states, CIU was founded for the purpose of preparing students "To know Him and to make Him known." Our purpose remains the same today. All programs emphasize spiritual development, biblical training, and ministry skills development. From the early years until the present, CIU has focused on five core values: the Authority of Scripture, World Evangelization, Victorious Christian Living, Prayer and Faith, and Evangelical Unity.

The school's first class boasted seven students. Currently CIU enrollment includes over 1,100 students, with several hundred students involved in non-traditional and distance education programs. Approximately 17,000 students have received training from CIU and hundreds of our alumni serve throughout the world.

Purpose

Columbia International University is a multi-denominational Christian institution of higher education dedicated to preparing world Christians to serve God with excellence. Its educational units offer degree programs ranging from associate level to doctoral level. All programs emphasize spiritual formation, mastery of biblical content and interpretation skills, cultivation of a biblical worldview, ministry skills development, and vocational competency.

CIU serves students from over 40 states and 30 foreign countries. More than 52 church denominations and independent fellowships are represented in the faculty and student body and about 30 percent of CIU graduates working in cross-cultural contexts.

Mission

Columbia International University educates people from a biblical worldview to impact the nations with the message of Christ. We pursue this mission as an academic community modeling, mentoring, and motivating students to cultivate spiritual vitality and character formation, acquire knowledge in biblical content, gain interpretation skills, to develop competence as critical thinkers and communicators, formulate a comprehensive biblical worldview for themselves, and explore and initiate experiences that are ministry-focused.

Both the curriculum and the community life at CIU are intentionally designed to stimulate a dynamic context in which each student is assisted and encouraged to pursue the following institutional goals:

- Know *Christ* by learning submission to His lordship and dependence on the Holy Spirit, thus making progress in conforming to His image
- Know the *Word* by gaining mastery of its content and understanding of its meaning, by assimilating and applying its truth, and by developing skill in the use of study tools
- Know *oneself* by an increasing awareness of spiritual gifts, personality types, and personal potential
- Know *people* by becoming sensitive to their needs and the contexts in which they live, improving communication with them, no matter their cultures
- Know the *skills* required in a particular area of ministry. By “ministry” CIU consciously and intentionally includes those who are called by God to minister in and through professional disciplines — whether in communication, education, business, psychology, or other professional disciplines where training programs are being developed.

In addition to the faculty, the university provides resources for learning and curricular guidance necessary for progress toward these goals. CIU expects students to be active participants in the spiritual, academic, social, and physical dimensions of college life. As they do, they come “to know Him” better and are able “to make Him known” more effectively. We believe God’s purpose for CIU institutionally and for its faculty and students individually is achieved only by the supernatural work of the Holy Spirit through yielded believers.

Philosophy of Education & Doctrinal Commitments

Overview

The educational philosophy of Columbia International University is derived from two essential goals:

Personal Goal: We desire growth in personality, character, spiritual maturity, and knowledge. At CIU, our objective experientially is to know God and become increasingly like His Son, Jesus Christ. To become like Christ implies that we know who He is. Our knowledge of Christ has two dimensions: to know all we may know about Him cognitively and to know Him in intimate relationship experientially.

Vocational Goal: We design professional programs to enable students to fulfill God’s purpose for their lives. We prepare students for various vocational responsibilities, whether they serve God in their home countries or in a cross-cultural setting. We also understand that vocational responsibility must come with a balance of home, church, and other community responsibilities. Fulfilling one’s responsibilities in a godly, balanced way is our reasonable service.

Educational Triad

We often describe our educational process at CIU as an educational triad — three educational components come together to provide balanced education. The first component is academic excellence with the Bible at the core. This component focuses on content and may be characterized by educating one’s “head.” The second component focuses on character and may be characterized by educating one’s “heart,” the component by which students grow in maturity in Christ. The third component is ministry skill development (or experiential education) in which students systematically practice skills related to personal and vocational goals in the community away from the classroom. This component focuses on competence and may be characterized by educating one’s “hands.”

Doctrinal Standard

The teaching at Columbia International University is based on the great fundamentals of the Christian faith, all of which center in the person of Jesus Christ, our crucified, risen, and glorified Savior and Lord. The following, together with other Christian principles of doctrine and practice (including the affirmation of the full trustworthiness of Scripture which, in its original writing, was verbally inspired and without error) shall be the basis of the faith and doctrine of CIU:

1. The Bible is the inspired Word of God, the written record of His supernatural revelation of Himself to man, absolute in its authority, complete in its revelation, final in its content, and without any errors in its teachings.
2. All men in their natural state are lost, alienated from God, spiritually dead: “All have sinned and fall short of the glory of God” (Rom. 3:23).
3. Salvation is only by grace, a free gift of God, through faith in the Lord Jesus, who died for our sins according to the Scriptures (1 Cor. 15:3). Those who thus receive Christ by faith have their sins forgiven (Eph. 1:7) and their hearts cleansed (Acts 15:9), are born of the Spirit, become children of God (Jn. 1:12-13), and are made new creatures in Christ (II Cor. 5:17).
4. God is one God, who reveals Himself in three persons: Father, Son, and Holy Spirit. Jesus Christ, as the Scriptures affirm, is the Son of God and Son of man. He was born of a virgin and is Himself very God. The Scriptures also declare the deity and personality of the Holy Spirit.
5. Our Lord Jesus rose from the dead in the same body that was laid to rest in the tomb (Jn. 20:25-27). The bodies of all believers who die will be raised from the dead and they will receive an incorruptible body like unto His glorious body (I Cor. 15:53; Phil. 3:21). All other men shall be raised unto “the resurrection of judgment” (Jn. 5:28-29).

6. Christians, born of the Spirit, are to live the new life in the present power of the Spirit. "If we live by the Spirit, by the Spirit let us also walk" (Gal. 5:16-25; Col. 2:6). The Christian's responsibility and his normal attitude of life is to yield himself to God (Rom. 6:13), trusting God to keep him.
7. Christian "living" includes Christian service, the winning of souls around us, and the preaching of the Gospel in the uttermost parts of the earth. In carrying on this work the supernatural power of the Holy Spirit is needed, which is granted to every believer as he yields and trusts (Acts 1:8; I Cor. 12:7; Eph. 3:20; Acts 5:32). And in all of this service, prayer is to have the central place (Jn. 14:12-14; Eph. 6:18-19).
8. Jesus Christ will come again to earth the second time (Heb. 9:28) personally (Acts 1:11; I Thess. 4:16), bodily (Acts 1:11; Col. 2:9), and visibly (Matt. 26:64; Rev. 1:7). His coming will precede the age of universal peace and righteousness foretold in the Scriptures (Matt. 24:29-30, 42; II Thess. 2:7-8; Rev. 20:1-6). *(Candidates for graduation need not affirm the premillennial position.)*

Denominational Relationships

Although Columbia International University is denominationally unaffiliated, we seek to serve a variety of evangelical denominations and independent congregations. The faculty and student body reflects church affiliations across a broad spectrum of denominations and church fellowships. Students find exposure to persons from various ecclesiastical traditions (which are united in their commitment to evangelical orthodoxy) an enriching and beneficial experience. The curriculum at CIU makes provision for church polity courses taught by ministers who represent various denominations. We also provide for elective courses on denominational distinctives as desired by various groups.

Students holding a baccalaureate degree from a non-accredited institution may still be eligible for admission. See “Non-accredited Degrees” for more information.

In addition to the general requirements listed above, individual degree programs may have specific admission requirements related to their fields.

Admission decisions are made without regard to race, ethnic origin, nationality, gender, or disability. Applicants who have been divorced will be considered for admission on a case-by-case basis. CIU reserves the right to deny or revoke the admission of any applicant whose behavior or lifestyle is inconsistent with biblical principles or with the lifestyle standards of the CIU community.

Specific Admission Requirements

Graduate-level Applicants

Graduate-level applications must provide transcripts from either an accredited bachelor's or master's degree showing dates attended, date of graduation, GPA, and all coursework. Graduate students should provide official transcripts from their highest earned degree as well as any work completed at the graduate level or credit meeting prerequisites. Documentation of any program-specific admissions requirements must also be received. Any test scores (e.g., GRE, Praxis Core, MAT, SAT, ACT) or other documentation required must come directly from the testing agency.

International Applicants

The Test of English as a Foreign Language (TOEFL) exam is required of all applicants who have not completed a degree in which English was the medium of instruction. The TOEFL exam is available through American consular offices at www.ets.org. CIU's code number is 5116.

International applicants from institutions outside the United States need to provide an International Credential Advancement Package (ICAP) evaluation of their degree by the World Education Services (WES). International applicants are required to submit an Educational Background Form that outlines the education they have completed and the language(s) in which it was taught. All academic records not written in English must be accompanied by a certified translation. Please contact the Admissions office for further information. U.S. Citizens who have completed degrees or taken courses outside of the United States who wish to receive credit for those courses, must also have their transcripts evaluated through WES. More information on this process is also available at www.wes.org

International applicants must complete a Financial Certification form appropriate to their degree program. Acceptance for study does not imply the availability of scholarship or other financial assistance. Please contact the Admissions office for additional information.

Undergraduate Applicants

Before being considered for acceptance into an undergraduate program, undergraduate applicants for whom English is not their first language are required to take the TOEFL exam and must score a 70 on the internet-based examination, a 195 on the computer-based examination, or a 525 on the paper-based examination. International applicants are not required to take the Scholastic Aptitude Test (College Boards) or the American College Testing Program (ACT). However, international students who have completed high school in the United States are required to take the Scholastic Aptitude Test (SAT) or ACT.

Graduate-level Applicants

Before being considered for acceptance into graduate programs of CIU, graduate-level applicants for whom English is not their first language are required to take the TOEFL exam and must score a 79 on the internet-based examination, a 213 on the computer-based examination, or a 550 on the paper-based examination. International applicants for the M.A. in TEFL/ICS program must have a score of 100 on the internet examination, 250 on the computer-based examination, or 600 on the paper-based examination. This requirement includes internationals transferring to CIU from another graduate school in the United States unless the student has completed a degree in which English was the primary medium of instruction.

Probationary/Provisional Acceptance

Undergraduate Applicants

Entering undergraduate students who have a deficiency in their academic qualifications may be admitted on a provisional basis. Such students must meet two of the three stipulations within each category in order to qualify. (For example, a student with an ACT of 16, a GPA of 2.5, and a class rank in the top 60 percent qualifies for provisional acceptance.)

Probationary/provisionally accepted students are usually restricted to a maximum of 15 semester hours of coursework and should earn a GPA of at least a 2.0 by the end of their second semester as a student in order to continue their education at CIU. Provisionally admitted students may also be required to take ENG 1000 Basic Writing Skills.

Admissions decisions are not made solely on an academic basis; an applicant's spiritual and emotional maturity, character references, and life experiences are also considered. No more than five percent of any admissions class will be accepted at the provisional level collectively in the undergraduate programs.

Graduate-level Applicants

A limited number of graduate-level applicants may be accepted on a probationary basis if they have received an accredited baccalaureate degree but do not meet the minimum GPA/GRE requirements for their desired degree programs. After one regular semester of study (9 hours), the work of students who were admitted on probation is evaluated to determine whether the probationary status should be removed or whether enrollment should be terminated.

When mitigating circumstances warrant, qualified applicants who have not completed an accredited baccalaureate degree may be accepted provisionally into designated Ministry Leadership degree programs.

Transfer Students

Undergraduate Applicants

Undergraduate students transferring to Columbia International University who have attempted no less than 24 semester credits over at least two semesters of enrollment may be evaluated for admission based on college cumulative GPA rather than a standardized test score and high school cumulative GPA. Students transferring from another accredited institution of higher education should have a cumulative GPA of 2.0 or above for regular admission. Any student transferring under this provision with less than a 2.0 cumulative GPA may be admitted on probation subject to the approval of the Admissions Review Committee after careful review of the candidate's complete file.

Applicants who have completed work at another accredited institution of higher education may receive transfer credit in courses in which they received a grade of 2.0 ("C") or above. Transfer credit may apply to a student's program at CIU in one of the following ways:

- a) Courses that are parallel to required courses in the core curriculum or the student's major or minor program of studies at CIU may be received as meeting the requirement.
- b) Courses that do not parallel any required course may be received as elective credit up to the limit of electives for the particular program in which the student enrolls at CIU. (CIU is a member of the Higher Education Transfer Alliance (HETA) sponsored by the Council for Higher Education Accreditation (CHEA).)

Applicants who have attended non-accredited Bible institutes, training schools, and discipleship programs designed as postsecondary should submit their transcripts and copies of the academic catalogs for credit evaluation. Programs will be evaluated based on ABHE compatible criteria and/or any formal relationship with CIU and/or status with ABHE. Any unaccredited academic credit will be accepted on a case-by-case basis with a standard of two-thirds credit for any comparable course, provided the student receives an average 2.0 ("C") grade or above. No more than 31 credits from an unaccredited school can be transferred into an undergraduate CIU degree program. The faculty reserves the right to grant limited credit for unaccredited study by means of direct CIU faculty assessment of a student portfolio combined with a faculty examination of content and/or skill upon authorization of the academic dean.

To obtain an estimate of transfer credit, applicants must submit official transcripts for all postsecondary study to the Admissions office, along with their application for admission and a request for an estimate of transfer credit. In some cases, applicants may be asked to send a catalog or prospectus from colleges or other postsecondary institutions attended. Please contact the transcript facilitator in the Office of the University Registrar for further assistance.

Graduate-level Applicants

Graduate transfer credit hours must meet the following criteria:

- Earned credit hours must be from an accredited institution.
- A grade of 2.0 ("C") or above must have been earned.
- College of Education, College of Intercultural Studies, and College of Counseling students seeking to transfer credit must seek prior permission through petition.
- Seminary & School of Ministry (SSM) students may apply transfer credit to the free elective category of a degree only if a comparable course is offered at CIU at the graduate level. Coursework taken at another school may be credited up to one-half of a graduate-level degree in the SSM if not used previously for the award of the same degree or its equivalent.

CIU Graduates

Undergraduate Columbia International University graduates wishing to apply for a graduate program will be eligible to complete an abbreviated application process. Please contact Admissions for details.

Other Policies

General Policies

Non-Degree Seeking Student Status (NDSS)

Although students are normally accepted for study on the condition that they intend to complete requirements for a degree program, other persons not applying for a specific degree program may be accepted as a non-degree seeking student (NDSS). Examples include transient students, consortium students, and students seeking prerequisites for licensures and certificates. NDSS applicants must complete the regular admission process; unofficial transcripts or transient letter may be accepted as the admitting credential. Applicants must be committed to lifestyle standards that are consistent with evangelical Christians and the general ethos of Columbia International University. Undergraduate applicants must hold a high school diploma or satisfy the requirements for a high school concurrent student. Graduate applicants must at least hold a baccalaureate degree. A maximum of 12 graduate hours may be taken as a non-degree seeking student. Students taking courses for professional development beyond the 12 credits will need to sign the Waiver of Credit Hour Limitation housed in the University Registrar's office.

Return after Absence

Students who have not been enrolled for two consecutive regular semesters (Fall, Spring) must reapply to the university; please contact the Admissions office for more information. For students who have missed only one semester of study, please contact the Registrar's office if you have any difficulty registering for classes. Also note that you must contact Residence Life if you are returning to live in the residence halls.

Postponement of Enrollment

When the enrollment and room deposits have been paid and a request for postponement is received prior to the originally intended enrollment date, the deposits will be held for use by the applicant to enroll at a subsequent time for up to one academic year. No refund, however, is granted on cancellation following a postponed enrollment.

Veterans

CIU is approved by the state approval agency (the South Carolina Department of Education of the state of South Carolina) for training persons eligible for benefits under Veterans Affairs (VA) programs. The VA certifying official is located in the Financial Aid office.

Undergraduate Policies

Admission of High School Students for Dual Enrollment

High school juniors and seniors may apply to enroll in college-level courses as part of CIU's dual enrollment program. To enroll as a high school dual enrollment student, the student must submit an official high school transcript at the time of application for admission. Students who are classified by their high school as a senior may register for lower division undergraduate courses if they have a high school minimum cumulative GPA of 3.0 on a 4.0 scale. Students who are classified by their high school as a junior may register for lower division undergraduate courses if they have a high school minimum cumulative GPA of 3.5 on a 4.0 scale. A maximum of 24 credit hours may be earned as a high school dual enrollment student. To be fully accepted into a CIU undergraduate program, a student must provide a final, official transcript indicating high school graduation.

Advanced Placement

CIU recognizes that individuals learn in a variety of ways. In some instances, this learning may be validated by taking a standardized examination from an organization such as the College Entrance Examination Board or the American College Testing Program. Applicants who have earned satisfactory scores on examinations such as those of the College Level Examination Program (CLEP) or the Advanced Placement (AP) program will have test results evaluated similar to transfer credit. For further information regarding AP credit, contact the Office of the University Registrar. Information on CLEP credit may be obtained in the Academic Success Center office.

Campus Resident Living Requirement

Full-time students who are single and under 23 years old are required to live on campus. Students living with immediate family within commuting distance are required to live on campus for a minimum of two semesters during their first year of attendance at CIU. (This requirement also applies to dependents of CIU employees.) The student must be 23 years of age before August 1 of the current school year to be eligible to live off campus during that school year. Those who believe they have a legitimate reason for special consideration to live off campus must submit a completed housing appeal form to the Residence Life office by June 1 for incoming Fall semester students and November 1 for incoming Spring students. The Housing Appeals Committee will review all appeals. All graduate-level students are permitted to live off campus.

Standardized Test Exemption for Older Students

An undergraduate applicant who is 24 years of age or older is not required to submit SAT or ACT test scores. If the individual's academic history demonstrates low performance and/or the individual has no previous college experience, the Admissions Review Committee will review the candidate's performance in previous education, work, or military training and determine if provisional admission is appropriate.

Graduate-level Policies

Non-accredited Degrees

The faculty and administration of CIU recognize that some higher education institutions both in the United States and around the world have chosen to offer quality instruction and training without the benefit of accreditation by an organization approved by the United States Department of Education. Generally students graduating with a bachelor's degree from such institutions are not eligible for admission to graduate programs at CIU. However, in a limited number of cases it may be determined that the academic rigor required in the bachelor's program was sufficient to merit admission. Applicants in this category must satisfy the general admissions requirements and the specific requirements for the program to which they are applying. As evidence of ability to pursue successfully an academic program, applicants must have the minimum GPA in undergraduate study required by the program to which they are applying. Applicants must accompany the Unaccredited Institution Review Form found on MyCIU under the Registrar tab with the following documents from the institution(s) where they completed their earlier study:

- An institutional catalog or other document(s) that includes the institution's history, information on faculty credentials, the institution's relationship to state, regional, national, or international educational agencies, the grading system, and course descriptions.
- A list of accredited institutions that have accepted students for graduate work from the institution.
- Syllabi from at least five classes appropriate to program preparation as selected by the applicant.
- All students admitted to a program based on a degree from a non-accredited institution are admitted with provisional acceptance. Therefore, after one regular semester (minimum of nine hours), the student's work is evaluated to determine whether the provisional status should be removed, extended for an additional semester, or whether the individual should be withdrawn from the program. Generally probationary status is removed for students who achieve the requisite GPA.

Although Columbia International University's Seminary & School of Ministry does not accept transfer credit from unaccredited institutions without special approval, a student may request advanced standing with credit through a proficiency examination for courses completed at an unaccredited institution. For more information regarding advanced standing, see "Competency/Proficiency Examinations" in the Academic Policy section of this catalog.

SEMINARY & SCHOOL OF MINISTRY

FROM THE DESK OF THE DEAN...

Greetings from the College of Arts and Sciences at Columbia International University! I would like to take a few minutes to introduce you to who we are and what we do. The College of Arts and Sciences' purpose is to educate students for life and service through biblical, liberal arts, and professional studies. Let me unpack that a bit:

Biblical Studies: All our bachelor's students major in Bible as well as their program of choice. The 30 semester hours of Bible and theology help students develop a biblical paradigm for life, whatever their chosen ministry or vocation. But that is not all! Faculty in every program teach their courses from a biblical perspective. They have thought through how the Scriptures influence their professional disciplines and will assist you in developing your own thinking.

Liberal Arts Studies: All of our students take a core of liberal arts courses. Some of these courses are part of the general education core common to all students. A wide range of other courses are also available to choose from and some of our majors focus directly on those content areas. In many cases, students choose an emphasis that is a solid foundation for life and perhaps graduate studies.

Professional Studies: Our students serve God in some way following graduation from CIU. Will that be in a cross-cultural context, a local church context, or the marketplace? It is important that we follow God's call wherever He calls us and whatever He calls us to do. Perhaps one of our professional programs will prepare you to pursue that calling.

Every CIU program will challenge you to grow biblically, intellectually, and spiritually as you develop the skills you need to serve in today's world. We offer a Bible Certificate and Associate of Arts degree as well as the Bachelor of Arts/Science degree with the following majors and minors:

- Bible Teaching
- Business & Organizational Leadership
- Communication
- Digital Media & Cinema
- English
- General Studies
- Humanities
- Media Arts
- Middle Eastern Studies
- Music
- Philosophy (minor only)
- Psychology
- Writing (minor only)

May the Lord guide you in your decision and may you find the grace to pursue His calling, whatever it is and wherever it takes you.

Yours in Christ,

Bryan Beyer, Ph.D.
Dean of the College of Arts and Sciences

BIBLE TEACHING MAJOR

Purpose and Objectives

The purpose of the Bible Teaching program is to develop the ministry skill of teaching Bible in Christian and public schools in North America, international government missionary and international schools, and other areas of Christian work where Bible teaching ministry is exercised. Graduates of this program receive the “all-level” certification in Bible from the Association of Christian Schools International (ACSI).

In addition to the mission statement, general objectives, and requirements of the undergraduate program, the objectives of the Bible Teaching program are to develop the following teacher competencies:

- Cultivate the skill of preparing hermeneutically-sound Bible lessons and curriculum that are developmentally appropriate and consistent with the pattern of biblical revelation
- Implement the sociological, philosophical, and psychological principles of the teaching-learning process into the preparation and delivery of Bible lessons
- Establish positive, professional behavior and relationships with supervisors, co-workers, parents, and students

Admission to the Bible Teaching Program

- Submit a preliminary application for admission to the program to the director of the Bible Teaching program during the Spring semester of the sophomore year and have a personal interview with the director.
- Have a minimum GPA of 2.5.
- Receive an acceptable recommendation from the CSL supervisor and Student Life.
- Demonstrate evidence of emotional and physical health and stamina.
- Submit an application for student teaching during the Spring semester of the junior year to the director of the Bible Teaching program.
- Pass a tuberculin test and criminal record review before student teaching placement.
- Demonstrate an aptitude for Bible teaching through a field experience assignment that has been approved by the director of the program. Continuation in the program is dependent on the meeting of this requirement. Note that four core courses are taught at the graduate level. In order to complete the program, students must demonstrate to the program director the capacity for academic engagement and achievement commensurate with the advanced knowledge and skills required for a “first professional” degree.

Admission into Student Teaching

The application for student teaching must be submitted to the director of the Bible Teaching program during the Spring semester of the junior year. Students must maintain a 2.5 GPA during this period. Students must have met all the criteria for participation in the program prior to the student teaching semester, including a Bible teaching assignment (approved by the program director) in Ministry Skills during the student's junior year.

See Appendix A for graduation requirements.

BUSINESS ORGANIZATIONAL LEADERSHIP MAJOR

Purpose

The purpose of the Business & Organizational Leadership (BOL) program is to prepare students for effective leadership in business and organizations anywhere in the world. Graduates will be able to perform successfully within a variety of for-profit enterprises, not-for-profit organizations, and international nongovernmental organizations (NGOs).

Combined with Columbia International University's Bible and theology core and its general ministry skills requirement, students will be distinctively equipped for global service as leaders engaging the marketplace and for traditional ministry from an ethical leadership perspective and a biblical worldview.

The BOL major develops the practical skills and core competencies required for the challenges of business and organizational dynamics and systems in domestic and international settings. The major immerses students in the timeless principles and cutting-edge processes that are essential for maximum effectiveness in creating and managing businesses, leading and developing other businesses, and forming and building high-performance teams and organizations. Beyond developing their own professional skills and competencies, graduates are equipped to pursue graduate education in areas such as business administration, accounting and finance, international business, marketing, human resources, or organizational leadership.

Objectives

By completing the BOL major, each graduate of the program will be able to:

- Demonstrate basic proficiency in essential business and organizational skills in order to enter a business or non-profit organization at a managerial or leadership level, or to launch a business enterprise.
- Demonstrate how one's training in business and organizational leadership is strategic and sustainable in the context of the various communities and cultures in which one serves.
- Devise a personal philosophy of business and organizational leadership that integrates a biblically-based, Christian worldview that can be used in any community or cultural setting.

GENERAL STUDIES MAJOR

Overview

The General Studies major is only available to students transferring in a significant amount of coursework from other accredited and/or approved academic institutions, as well as to students who choose to participate in a cooperative program with a community college.

Purpose and Objectives

The purpose of the General Studies major is to provide students with a professional program in which they may combine study from a variety of academic, professional, or technical fields to fit their individual needs and professional ministry goals. The General Studies program is well-suited for the non-traditional, mature, undergraduate student who needs flexibility in program design, recognizing that education that is not from Columbia International University may be significant in preparing for ministry.

Transfer Students

Some students may transfer to CIU sensing the Lord's direction with a variety of courses already completed from another institution. Some students come with concentrations (18 hours or more in a specified area of study) from other approved academic institutions and complement them with coursework taken at CIU. Students with significant coursework at a community college may apply the work toward a bachelor's degree at CIU with a concentration in a specific area.

Completion Requirements

- See Appendix A for graduation requirements.
- Complete an 18 semester hour concentration in an approved area of study.
- Complete 30 semester hours of upper division (3000 level or higher) courses.

MIDDLE EASTERN STUDIES MAJOR

Purpose and Objectives

The purpose of the Middle Eastern Studies program is to prepare students for international ministry opportunities, particularly in the Middle East. The program includes a year of study in Israel at Jerusalem University College (JUC), an evangelical institution with which Columbia International University has a consortial relationship. While in Israel, students will be placed in Jewish or Arab ministry contexts to develop their ministry skills according to their vocational goals.

In addition to the mission statement, general objectives, and requirements of the college, the objectives of the Middle Eastern Studies program are to develop in students the skills and knowledge necessary to:

- Gain experience in Middle Eastern life and culture.
- Develop cross-cultural communication and ministry skills.
- Understand more clearly the beliefs and practices of Christianity, Judaism, and Islam.
- Acquire a firsthand knowledge of the geography of Israel, Egypt, and Jordan.

See Appendix A for graduation requirements.

Note: There may be times when the political unrest in the Middle East forces JUC to discontinue classes for a semester or longer. Please consult the program director for the current status of studies at Jerusalem University College. Aso, please note: Study at JUC requires a separate application process, and acceptance into CIU does not imply or guarantee acceptance into JUC. Please consult the program director for details.

MUSIC MAJOR

Purpose and Objectives

The Music program is designed for students who want music ministry training. It seeks to prepare competent musicians for careers in church music, church music combined with another area (such as youth ministry, elementary education, or Christian education), intercultural music (missions), and contemporary Christian music ministry.

In addition to the mission statement, general objectives, and requirements of the university, the objectives of the Music program are to develop in students:

- A working knowledge of music theory for the purpose of reading, writing, and analyzing music of various styles.
- A high degree of proficiency on their major instrument (piano, keyboard, voice, or guitar) along with the ability and sensitivity to use their skills to communicate the message of God's Word.
- An understanding of the place of music in worship, while at the same time developing the heart of a worshipper.
- Appropriate skills for leading worship in the local church.
- The ability to understand, appreciate, and evaluate a variety of musical styles and forms (including those of other cultures and subcultures) through classroom study, field experience, solo and ensemble performance, and chapel services.
- A formulation of a personal philosophy of music based on the application of biblical principles to a broad variety of musical styles and ideas. This includes developing an awareness of historical and contemporary philosophies of music and the ability to evaluate one's own musical preferences.

Completion Requirements

- See Appendix A for graduation requirements.
- Students must maintain a cumulative average of 2.3 ("C+") in Music Theory and no grade below a 2.7 ("B-") in private lessons in order to keep music major status. Any private lesson grade lower than 2.3 ("C+") will not count towards graduation requirements for music majors or minors.
- Demonstration of required proficiency in piano (keyboard) and the presentation of a recital and/or demonstration of skills within the context of an internship

PSYCHOLOGY MAJOR

Purpose and Objectives

The purpose of the Psychology program is to develop students to research and address the mental, emotional, relational, and spiritual growth needs of people in clinical, academic, and church/mission settings.

In addition to the mission statement, general objectives, and requirements of the university, the objectives of the Psychology program are:

- Enable students to evaluate psychological paradigms by the authority of Scripture, helping them to precisely articulate a biblically consistent and empirically powerful model of human psychology
- Enable students to understand the scientific foundations of empirical research and the biological foundations of psychological experience
- Help students to foster the spiritual, mental, emotional, and relational growth of themselves and others through practical exposure and training in outside agency work. (Prior instruction in mental health diagnosis and treatment is included, as is instruction in professional ethics and prohibiting (among other things) “dual role” relationships that interfere with therapeutic progress.)

See Appendix A for graduation requirements.

Please note that this minor is designed for those students who are entering mission agencies, church-based ministries, or other ministries where practical and basic training in psychology would be helpful. The goal of the minor is not preparation for professional psychological or counseling service and therefore is not adequate for a student seeking an advanced degree. Rather, the goal is to give the student a basic understanding of the needs and response patterns of human beings as an aid to the work of spiritual ministry. Those who desire to go on to graduate school and professional service within psychology or counseling, but cannot complete a full major in a timely and affordable manner, should consider a Pre-Professional track. Please see the director of the Psychology program or the director of the General Studies program for more information.

COLLEGE OF ARTS & SCIENCES

◆ **COLLEGE OF COUNSELING**

COLLEGE OF EDUCATION

COLLEGE OF INTERCULTURAL STUDIES

SEMINARY & SCHOOL OF MINISTRY

FROM THE DESK OF THE DEAN...

Welcome, from the faculty and staff team of the College of Counseling (CoC). We are delighted that you are interested in our counseling program at Columbia International University. We pray that as you read through our catalog, you will like what you see and will come to understand what we mean when we say that CoC offers a professional, passionate, and personal program of training that will prepare you to serve effectively in the field of clinical mental health counseling.

As a **professional** program we provide the academic coursework and clinical training for students to earn the Master of Arts in Counseling, to apply for national certification through the National Board for Certified Counselors, and to apply for South Carolina State Licensed Professional Counselor Intern (LPC/I) licensing. We also offer a Postgraduate Certificate in Marriage and Family Counseling for professionals who seek advanced training in marriage and family counseling from a systems perspective. This postgraduate certificate can provide eligibility to apply for South Carolina State Licensed Marriage and Family Therapist Intern (LMFT/I) licensing.

As a **passionate** program we are committed in all our coursework and training to the written and living Word of God. Christianity is not just an add-on or side note; Jesus Christ is our passion. We believe the foundation, source, guiding principle, and ultimate goal of our work is the wisdom and love of Christ that compels us to serve others and share his good news. Our faculty, students, and graduates are involved in compassionate care in local and international settings, in private practice, in nonprofit organizations, in government agencies, and in church and missions-related ministries.

As a **personal** program we focus not only on the head (biblical and professional knowledge and research) and the hands (effective interpersonal and clinical skills), but also on the heart (personal and spiritual development). God's primary instruments in counseling are the counselor and the relationship developed with the client. We focus on the student and his or her ability to develop relationships that bring positive change within various cultures and settings, for different individuals, couples, families, and groups with diverse struggles and strengths. There is no "one size fits all" counseling relationship!

Hopefully, this catalog will give you a positive introduction to our program, courses, training, and faculty. If we can help you personally, please e-mail our Director of Professional Relations, Dr. Leah Herod, at lherod@ciu.edu so we can answer your questions or discuss your specific needs.

God's blessings on the next steps of your journey,

John D. Harvey, Th.D.

Interim Dean of the College of Counseling

MASTER OF ARTS IN COUNSELING

The mission of the College of Counseling (CoC) is to offer professional training in clinical mental health counseling within a biblical worldview in order to provide Christ-like therapeutic relationships for healing and growth. The training model focuses on the heart (personal and spiritual development), the head (professional knowledge and research), and the hands (effective interpersonal and clinical skills).

Residency and Transfer Policies

A maximum of 12 credits will be considered for transfer toward the "Counseling Core" from another accredited school. No transfer of credit will be accepted for the following courses: CNS 5305 Applied Biblical Foundations of Counseling, CNS 5306 Foundations of Clinical Mental Health Counseling, CNS 5313 Personal and Spiritual Development, CNS 5342 Foundations of Marriage and Family Counseling, CNS 6912 Advanced Counseling Techniques and Practicum, CNS 6937 Internship I, CNS 6938 Internship II. Non-Degree Seeking Students

Students accepted as non-degree seeking students or students in other graduate-level programs at CIU may take a maximum of 12 graduate hours in the Master of Arts in Counseling degree. Admission into a course does not imply admission into the Master of Arts in Counseling program. Students may choose from the following courses: CNS 5075 Multicultural Counseling; CNS 5305 Applied Biblical Foundations of Counseling; CNS 5306 Foundations of Clinical Mental Health Counseling; CNS 5310 Counseling Theory; CNS 5330 Professional Orientation and Ethics; CNS 5342 Foundations of Marriage and Family Counseling; CNS 5410 Research, Statistics, and Evaluation; and CNS 6015 Advanced Multicultural Counseling. Internship courses are open only to Master of Arts in Counseling students.

Candidacy

Admission to candidacy in the M.A. in Counseling program is a checkpoint to ensure that students are progressing appropriately in their professional skills, academic understanding, and personal and spiritual development in order to continue toward internship and graduation. Details of the application process for candidacy are found in the CoC Student

Handbook. All undergraduate psychology prerequisites need to be successfully completed and credits transferred to CIU before candidacy can be granted. Students who wish to pursue candidacy may not be on academic probation. Students are responsible for submitting their application to candidacy to the COC Director of Training and Internship.

Program Hours, Practicum, Internship

The M.A. in Counseling program requires 66 credit hours for graduation. This total includes six hours of electives that may be chosen from the following areas: addictions, children, church and mission health, crisis, family, marriage, member care, and sexuality.

A practicum experience of 150 hours with a minimum of 40 hours of direct services and an internship of 600 hours with a minimum of 240 hours of direct service are required as part of the 66 course credits. Students typically complete the program over a three-year period.

Licensure

The MA in Counseling program meets the requirements for the academic coursework and clinical training for licensure as a Professional Counselor Intern (LPC/I) in the state of South Carolina. While the standards for licensure in South Carolina are similar to other states, students who wish to pursue licensure from another state should research the requirements for the state in which they intend to practice. Any program changes must be approved by the student's advisor and dean early in the program. Most states require a minimum of two years postgraduate supervised practice before full licensure is granted.

Time Limitation

The time limit for completion of all requirements is seven years, measured from the date a student begins coursework in the M.A. in Counseling program.

Completion Requirements

Students must satisfy the following requirements in order to graduate:

- Complete all practicum, candidacy, and internship requirements
- Complete all required hours of specified coursework with a minimum GPA of 3.0 and no grade lower than a "C"
- Fulfill the course requirements of CNS 5001 Clinical Counseling Orientation each semester, including chapel attendance
- Receive a satisfactory faculty recommendation based upon emotional, spiritual, and professional health and maturity

POSTGRADUATE CERTIFICATE IN MARRIAGE & FAMILY COUNSELING

The College of Counseling (CoC) at Columbia International University offers a Postgraduate Certificate in Marriage and Family Counseling (PGCMFC) which provides advanced training in counseling with couples, families, children, and adolescents. This advanced training and internship experience emphasizes a systems model based on a biblical design of relationships and cultural sensitivity.

Admission

In addition to satisfying the general admissions requirements, applicants must complete the application process as specified below.

**Note: Current CoC students must go through the following PGCMFC application process after filling out the "Add a Program" section on the "Graduate-Level Record Change" form prior to graduation to be considered for admission.*

Application Process

1. Complete CIU application form and PGCMFC essays and submit application fee.
2. Completed masters program in a clinical mental health or equivalent program with a minimum 3.0 GPA from a regionally accredited institution. (Applicants must request official transcripts from all colleges and/or universities attended to be sent directly to CIU Graduate Admissions. Note: Applicants who have attended an institution outside the United States must have transcripts evaluated through World Education Services (WES). Contact CIU Graduate Admissions for details.)
3. Submit current résumé or curriculum vitae.
4. Clinical Readiness Reference: Present or past clinical supervisor or employer who has direct knowledge of the applicant's clinical work and can speak to the applicant's clinical skill level and readiness for an advanced training certificate program using the CoC Clinical Reference Form. (Additional information may be requested, such as Professional Performance Review [CIU alumni] and/or additional reference.)
5. Sample counseling (actual or role play) video recording (10-15 min.) with self-critique of strengths and weaknesses of session.
6. Group interview participation. See below:

Group Interview

1. Once the completed application requirements (including official transcripts) are received and reviewed, the applicant will be notified of acceptance or denial to the group interview day. Admission will not be granted to those who do not participate in the group interview. Special arrangements may be made for international applicants.
2. The group interview day is an intensive time for both the admissions committee and applicants to learn about each other and make decisions with regard to the fit between the applicant and the program.
3. The group interview day consists of: a) orientation information about the biblical values, professional and Christian mission, and academic and clinical design of the program, b) basic information about curricular requirements including internship supervision requirements, the informed consent for participation in the program, and the experiential component of the program, and c) specific group and other activities throughout the day to help understand the fit of each applicant's interpersonal and clinical skills, cognitive abilities, and ethical reasoning with the program.

Final admission decisions are based on both the application and the group interview admission process for both CoC alumni and non-CoC applicants. The written application deadline is mid-May and the group interview is offered at the end of May each year.

Residency Requirements (Prior CoC course credit and non-CoC credit transfer policy)

College of Counseling Master of Arts in Counseling alumni may apply eligible, prior CoC course credit from their M.A. program towards the PGCMFC. The following courses will be considered for transfer toward the PGCMFC from another accredited school: Family Systems Theory, Internship I and Internship II. Transfer credit must be approved by the student's advisor and the CoC Dean. Additional policies governing transfer credit are outlined in the Admissions section of this catalog.

Program Hours, Internship, Licensure

The PGCMFC program requires 27 credit hours for graduation. For CoC M.A. in Counseling alumni who have taken electives consistent with the PGCMFC program, only 13 credit hours are required.

Completion of this program requires a minimum of nine (9) graduate semester hours in clinical experience. The clinical experience must include a minimum of six hundred (600) total hours of internship experience including individual and group supervision and a variety of professional activities and resources in addition to direct service. Face-to-face client contact must include a minimum of three hundred (300) hours of which one half (1/2) must be relational (i.e. talking about a relational issue in the counseling session, *not* necessarily having more than one client in the session).

For South Carolina marriage and family licensure, a total of at least 50 hours of clinical supervision throughout all three internships (1, 2, and 3) must be provided by an approved Licensed Marriage and Family Therapist Supervisor (LMFT/S). In situations where an LMFT/S is required outside of the regular internship setting, the student bears the responsibility to secure and pay for all expenses for such clinical supervision.

Graduates of this certificate program who are CoC M.A. in Counseling alumni (graduates 2010 and licensure track) with the approved LMFT/S supervision are eligible to apply for South Carolina State Licensed Marriage & Family Therapy Intern (LMFT/I) certification. Non-CoC alumni graduates of this certificate program may be eligible to apply for South Carolina State Licensed Marriage and Family Therapy Intern (LMFT/I) certification if the M.A. program from which they graduated meets all the certification requirements. Applicants can contact the South Carolina Licensing Board to obtain the educational requirements for certification at www.lbr.state.sc.us/POL/Counselors.

Time Limitation

The time limit for completion of all requirements is four years, measured from the date a student begins coursework in the PGCMFC.

Transfer Policy

The following courses will be considered for transfer toward the PGCMFC from another accredited school: Family Systems Theory, Internship I, and Internship II.

Completion Requirements

- Students must complete the 27 hours of specified coursework with a minimum GPA of 3.0 with no grade lower than a "C" in order to receive the PGCMFC.
- Satisfactory faculty recommendation based upon emotional, spiritual, and professional health, and maturity

Note: It is the student's responsibility to complete all prerequisite, course, and degree requirements. Students must petition any changes to the curriculum as outlined in this catalog at least one semester prior to graduation.

COLLEGE OF COUNSELING

◆ **COLLEGE OF EDUCATION**

COLLEGE OF INTERCULTURAL STUDIES

SEMINARY & SCHOOL OF MINISTRY

FROM THE DESK OF THE DEAN...

The College of Education (CoE) equips Christian educators to think, teach, and lead biblically in educational settings throughout the world. This mission encompasses the preparation of teachers to enter early childhood and elementary classrooms with a five-year, two-degree program including: an undergraduate double major in Bible and Teacher Education and a graduate master's degree (B.A./B.S. and M.A.T.) or a stand-alone M.A. in Teaching (M.A.T.) for those already having earned a bachelor's degree.

Additionally, at the master's level, the CoE provides training for K-12th grade Bible teachers (M.A. in Bible Teaching) and equips practicing teachers and administrators for Christian school leadership positions through advanced graduate studies: a Master of Education (M.Ed.) with tracks in Educational Administration and Instruction and Learning, and an Education Specialist (Ed.S.) degree.

At the doctoral level, the CoE offers a Doctor of Philosophy (Ph.D.) program with three concentrations: Christian Higher Education Leadership, Christian School Leadership, and Curricular and Instructional Leadership.

In order to fulfill the mission of the College of Education, the courses of study are based upon a philosophy of education that approaches both the means and the ends of education by thinking biblically about the nature of students, instructional strategies, and curricular content (knowledge, skills, and dispositions). Preparation includes training that equips students to think in culturally responsive ways within classrooms that are increasingly diverse.

Currently more than 100 graduate students are working during summers to become or to enhance their positions as K-12th grade teachers, Christian school principals and headmasters, instructional supervisors, and administrators in Christian higher education. These students, drawn to Columbia International University through the reputation of our faculty and graduates, currently come to study not only from schools across the United States, but also from Australia, Ethiopia, Mozambique, Indonesia, Korea, Bolivia, China, Taiwan, Mexico, the Dominican Republic, and the Philippines. There is no question that the CoE reflects CIU's middle name – International.

Regardless of where our students are – beginning as college freshmen or completing their doctoral degrees – CoE students believe they can and will impact the Kingdom through education. The CoE strives to equip students to be discerning and wise educators whose lives exemplify the thinking and dispositions of Christian educators as they create effective learning communities.

Blessings,

Connie Mitchell, Ed.D.
Dean of the College of Education

UNDERGRADUATE PROGRAM

See Appendix A for additional information.

TEACHER EDUCATION MAJOR

Overview

The College of Education (CoE) offers an early childhood (PreK-3rd grade) and elementary (2nd-6th grade) education licensure program that leads to a bachelor's degree with a double major in Bible and Teacher Education and a Master of Arts in Teaching (M.A.T.) degree in five years. During the undergraduate program, students may explore other fields of study by choosing a minor to fill their electives.

The major in Teacher Education will lay a foundation and provide experiences for the profession of teaching. This major will be partially accomplished in the last undergraduate term when students will register for 14 hours of graduate classes in the Rapid Advancement for Ministry/Marketplace/Missions Placement (RAMP) semester in which competencies will be used in the M.A.T. program (see M.A.T. Program 2).

Students who complete the M.A.T. program and specific South Carolina state requirements will be recommended for initial licensure in early childhood and elementary education. Graduates of the M.A.T. program are also eligible for Association of Christian Schools International (ACSI) certification in elementary education with endorsement in early childhood. For those completing designated courses, ACSI endorsements in ESOL and/or Bible are available.

Purpose

The Teacher Education program focuses on equipping Christian educators to think, teach, and lead biblically in educational settings throughout the world. This approach provides a biblical foundation for a career in teaching. Graduates of the five-year, two-degree program will think biblically about the profession of teaching as well as the nature and needs of children. They will be equipped to serve in Christian, international, public, mission, home, charter, and private schools.

Objectives

Upon completion of the five-year, two-degree program, candidates will demonstrate they are becoming discerning educators when they exhibit the competencies that illustrate that they are:

- Learners who know content, children, and pedagogy.
- Designers who demonstrate effective planning and preparation for instruction.
- Presenters who model effective educational methodology, communication, and technology techniques.
- Evaluators who assess, diagnose, and monitor individual needs to implement differentiated instructional opportunities.
- Managers who create and effectively manage a nurturing environment.
- Partners who collaborate with the child, family, community, and other professionals.
- Professionals who are committed, reflective, model educators who learn from experience and contribute to the profession.

Admittance and Continuation Requirements

Freshman Year

Students will interview with a faculty advisor concerning interest in the Teacher Education program, enroll in their first semester of EDU 3135 Contemporary Educational Issues, and successfully complete required classes (see "Course of Study") with a minimum of a 2.7 GPA.

Sophomore Year

Students will submit an official Praxis Core Academic Skills for Educators (CORE) report with prescribed minimum scores (Reading 156, Writing 162, Math 150) **or** ACT or SAT scores with prescribed minimum scores (two-part SAT 1100, three-part SAT 1650, ACT 24) by October 1 or April 1 (depending on fourth semester), enroll in EDU 2110 Foundations of Education, enroll in their second semester of EDU 3135 Contemporary Educational Issues, and successfully complete required classes (see "Course of Study") with a minimum of a 2.7 GPA.

Junior Year

Students will successfully complete practical skills development requirements, apply for provisional acceptance into the Teacher Education program for the RAMP semester (due by October 1 or April 1), enroll in their third semester of EDU 3135 Contemporary Educational Issues, successfully complete required classes (see "Course of Study") with a minimum of a 2.7 GPA, and complete an application to the M.A.T. program.

Senior Year

Before the RAMP semester, students will complete a minimum of 112 hours that meet the bachelor's degree requirements for Bible major, general education, ministry skills, and practical skill development requirements as prescribed by the Teacher Education program, enroll in EDU 3720 Instructional Design and Assessment, enroll in their final semester of

EDU 3135 Contemporary Educational Issues, complete the CIU dispositional requirements, maintain a minimum 2.7 GPA, meet all M.A.T. program acceptance requirements, and be formally admitted to the Teacher Education program for the RAMP semester. Students will need to submit documentation of a negative TB test as required by school districts upon entering field experiences in the public schools.

During the RAMP semester, students will maintain a minimum 3.0 GPA with no grade lower than 2.0 ("C") in any education (EDU) course, satisfactorily complete the professional classroom experiences and CIU dispositional requirements, and qualify with the dispositional, faculty, and Student Life recommendations.

Non-compliance in any semester may lead to a probationary period or discontinuation from the program.

During clinical practice/student teaching in the five-year program, candidates are placed full time in a local public school classroom. In addition to coursework, field experience, and competency requirements before clinical practice/student teaching, candidates must have a "cleared" status on an FBI fingerprint and background check. (Eligible applicants who have prior arrests and/or convictions must undergo a review by the State Board of Education and be approved before a license can be issued.)

GRADUATE PROGRAMS

MASTER OF ARTS IN BIBLE TEACHING

Overview

The Master of Arts in Bible Teaching (M.A. in Bible Teaching) program is designed to prepare students to teach the Bible in a school setting. In three semesters of study (fall, spring, and summer), students build a knowledge of best educational practices on previous Bible background as they explore every aspect of Bible curriculum – from the “big-picture” of K-12th grade curriculum to daily lesson plans.

Purpose

The purpose of the Bible Teaching program is to develop the ministry skill of teaching Bible in Christian and public schools in North America, international schools, international government and missionary children’s schools, and other areas of Christian work where a Bible teaching ministry is exercised.

Objectives

The Bible Teaching program strives to help students develop the competencies to become teachers who:

- Understand the purpose of the Bible and how to prepare lessons and curriculum from the Bible that reflect that purpose, using sound principles of biblical interpretation.
- Formulate lesson and curricular objectives in line with the pattern of biblical revelation.
- Design and teach curricula that integrates biblical truth into major disciplines such as philosophy, family life, and church history on a secondary level.
- Relate the principles of the Scripture to the needs of individuals and groups.
- Apply the principles of the teaching-learning process to the teaching of the Bible.
- Establish positive, professional relationships with supervisors, co-workers, and students.

Admission Requirements

In addition to satisfying the general admissions requirements of the university, students applying to the M.A. in Bible Teaching program must satisfy the following:

1. Evidence of the ability to successfully pursue an academic program, as demonstrated by one of the following:
 - a. Minimum 2.7 GPA for the most recent degree obtained
 - b. Official GRE test scores above the 50th percentile (verbal and quantitative) and a minimum rating of 3.5 on the analytical writing section. (The exam must have been taken within the last five years. Information on test sites and registration is available directly from ETS at www.ets.org. CIU code is 5116.)
2. Disposition, potential competence, and motivation toward Bible teaching, as demonstrated by completing a successful interview with the program director and/or education faculty in person or by phone. (An additional reference may be required from someone who has supervised or observed the candidate’s skills in teaching or work with children.)
3. Appropriate undergraduate background. While expertise in all disciplines is not expected, a student must demonstrate reasonable competency in content areas by completing at least 36 semester hours in undergraduate coursework that included courses from at least four of the following content areas: language arts, social science, natural science, mathematics, technology, and humanities/fine arts.
4. Foundational knowledge in Bible and theology. This requirement is satisfied by one of the following:
 - a. Undergraduate degree of at least 30 hours in Bible and theology (must include a course on hermeneutics) from a Bible college or Christian liberal arts college or university
 - b. Bible certificate of at least 30 hours in Bible and theology (must include a course in hermeneutics)
 - c. Total of 30 hours of coursework in Bible and theology (must include a course in hermeneutics)

**Students not meeting this requirement should apply to the Biblical and Theology Certificate program at Columbia International University’s Seminary & School of Ministry. After completing the Biblical and Theology Certificate, students would qualify to apply to the M.A. in Bible Teaching program.*

Residency and Transfer Policies

Policies governing transfer credits are outlined in the Admissions section of this catalog. Transfer credits may be received on a limited basis, but the majority of coursework must be taken at Columbia International University. Candidates who wish to receive transfer credit for the M.A. in Bible Teaching program should consult with the program director and seek approval from their advisor and dean.

Student Teaching

The application for student teaching must be submitted to the director of the Bible Teaching program during the fall semester. Students must maintain a minimum 2.7 GPA during this period. Students must have met all the criteria for participation in the program prior to the student teaching semester, including a Bible teaching assignment in the Field Education course (approved by the director of the Bible Teaching program) during the fall semester.

Time Limitation

The time limit for completion of all requirements is six years, measured from the date a student begins coursework in the M.A. in Bible Teaching program.

Completion Requirements

- Attain admission to candidacy in the M.A. in Bible Teaching program.
- Demonstrate competency of each of the program's outcomes through satisfactory completion of all program courses.
- Maintain a minimum GPA of 2.7 and no grade lower than a "C."

MASTER OF ARTS IN TEACHING EARLY CHILDHOOD & ELEMENTARY EDUCATION

Overview

In keeping with the institutional mission of Columbia International University, the Master of Arts in Teaching (M.A.T.) program seeks to create a learning environment that provides models, growth experiences, and communities of practice for equipping discerning Christian educators who make wise decisions as they create effective learning communities. Early childhood and elementary school curricula are addressed.

Students (referred to as candidates) completing the specified requirements will be recommended for initial teacher licensure in South Carolina, which has a reciprocal agreement with most other states. Since licensure requirements vary from state to state, candidates are advised to make themselves familiar with the requirements of the states in which they may want to teach. Candidates completing the program requirements will be eligible for recommendation for initial South Carolina licensure in Early Childhood (PreK-3rd grade) and/or Elementary (2nd-6th grade). Candidates will also be recommended for Association of Christian Schools International (ACSI) certification.

The M.A.T. program is designed to meet the scheduling needs of individuals. Candidates may begin their course of study at the beginning of the fall or spring semesters, and may complete the program in four terms of full-time study or extend the time to complete the program. The M.A.T. program director is available to assist candidates in planning their degree program.

As candidates journey through the M.A.T. program, seven milestones (specific points in the learning journey where competencies will have been met) serve as opportunities for evaluation and planning. These milestones are:

- Milestone 1: Program Admission
- Milestone 2: Involved Learner Review
- Milestone 3: Effective Practitioner Review
- Milestone 4: Authentic Professional Review
- Milestone 5: Clinical Practice/Student Teaching Admission
- Milestone 6: Clinical Practice/Student Teaching Exit
- Milestone 7: Graduation

Specific dates, deadlines, and competencies for each milestone are detailed in the M.A.T. Candidate Handbook.

Objectives

Candidates will demonstrate that they are becoming discerning educators when they show they are:

- Learners who know content, children, and pedagogy.
- Designers who demonstrate effective planning and preparation for instruction.
- Presenters who model effective educational methodology, communication, and technology techniques.
- Evaluators who assess, diagnose, and monitor individual needs to implement differentiated instructional opportunities.
- Managers who create and effectively manage a nurturing environment.
- Partners who collaborate with the child, family, community, and other professionals.
- Professionals who are committed, reflective model educators who learn from experience and contribute to the profession.

Admission Requirements

In addition to satisfying the general admissions requirements, students applying to the M.A.T. program must meet the following conditions. Requirements 1, 2, and 3 must be met prior to acceptance into the program. Requirement 4 must be completed prior to enrolling in M.A.T. methods courses. Requirement 5 must be met prior to clinical practice/student teaching.

1. Evidence of the ability to successfully pursue an academic program, as demonstrated by one of the following:
 - a. 2.7 GPA for most recent degree obtained
 - b. Official Graduate Record Exam (GRE) test scores above the 50th percentile (verbal and quantitative) with a minimum rating of 3.5 on the analytical writing section. (The exam must have been taken within the last five years. Information on test sites and registration is available directly from ETS at www.ets.org.)
2. Basic academic proficiency, as demonstrated by one of the following:
 - a. Official score of 1100 or higher on the two-part SAT, 1650 or higher on the three-part SAT, or 24 or higher on the ACT. (The exam must have been taken within the last five years.)

- b. Official Praxis Core Academic Skills for Educators (CORE) report with prescribed minimum scores: Reading 156, Writing 162, and Math 150. (The exam must have been taken within the last five years. Information on test sites and registration is available directly from ETS at www.ets.org. CIU code is 5116.)
 - c. Official GRE with test scores above the 50th percentile (verbal and quantitative), with a minimum rating of 3.5 on the analytical writing section. The exam must have been taken within the last five years.
3. Disposition and motivation toward teaching, as demonstrated by completing a successful interview with the program director and/or an education faculty member in person or by phone.
4. Appropriate undergraduate background. It is generally agreed that the best preparation for classroom teaching is a well-balanced undergraduate program. Background may be demonstrated by one of the following methods:
 - a. Reasonable competency (a grade of "C" or above) in at least 36 semester hours of completed coursework that includes courses from each of the four following areas:
 - Language Arts (e.g. literature, composition, speech)¹
 - Natural Science (e.g. life sciences, physical sciences, earth sciences)²
 - Social Studies (e.g. American history, world civilizations, psychology, sociology, anthropology)¹
 - Mathematics (e.g. college math, algebra, geometry, analysis, calculus)²

¹ Course requirement for language arts and social studies must be met before enrolling in EDU 5619.
² Course requirements for science and mathematics must be met before enrolling in EDU 5600.
 - b. Official Praxis II: Elementary Education: Content Knowledge Exam (0014) score report of 150 or above. (This exam tests content in language arts, mathematics, science, and social studies. Information on test sites and registration is available directly from ETS at www.ets.org. CIU code is 5116.)
5. Foundational knowledge in Bible and theology. This requirement is satisfied by one of the following:
 - a. Undergraduate degree in Bible from an accredited Bible college or Christian liberal arts college or university
 - b. Bible certificate
 - c. Total of 30 semester hours of coursework in Bible and theology
 - d. Minimum of nine semester hours of specific Bible or theology courses. (It is recommended that these courses be taken before admission to the College of Education, but they must be completed prior to application for student teaching. Courses may be at either the undergraduate or the graduate level. Candidates must have at least three hours of coursework from each of the following areas: Bible survey, Bible interpretation or hermeneutics, and theology.)

Students and prospective candidates may register for up to 14 semester hours prior to being fully admitted into the M.A.T. program. Only students fully admitted to the M.A.T. program may register for M.A.T. methods courses, practicum, and clinical practice/student teaching. Any student accepted on probation will have one semester to qualify for full acceptance.

Residency and Transfer Policies

Due to the specific nature of course outcomes and proficiencies, transfer credits are rarely accepted in the M.A.T. program. Candidates wishing to receive transfer credit for the M.A.T. program should consult with the program director regarding any questions related to previous coursework.

Field Experiences (Practicum) and Clinical Practice (Student Teaching)

M.A.T. candidates participate in a variety of carefully planned and sequenced field experiences. Candidates experience structured observations in a variety of settings, including tutoring, small group, and whole class instruction. Field experience culminates with the candidate assuming full responsibility for the teaching process in a classroom during clinical practice. Field experiences are integrated within candidate coursework, allowing candidates to spend time in both the university classroom and the field experience classroom. During clinical practice, candidates are placed full time in a local public school classroom.

In addition to coursework, field experience, and competency requirements before clinical practice, candidates must have a "cleared" status on an FBI fingerprint and background check pursuant to Section 59-25-115 of the South Carolina Code of Laws. (Background checks are valid for 18 months.) Candidates must also take the required Praxis II exams prior to entering clinical practice. Prior to EDU 6901, Authentic Professional Experiences, candidates must submit documentation of a negative TB test to the Director of Field Experiences to participate in practicum in public school settings.

Candidates are not permitted to be employed during clinical practice without specific, restricted, approved permission. Candidates not enrolled in M.A.T. coursework one or more semesters prior to clinical practice may require additional steps to ensure proficiencies meet the level of readiness required.

Clinical practice can be waived with a portfolio of evidence validating both experience and classroom competency. Experience must include at least three years of full-time teaching in the area of licensure. The portfolio must include letters of recommendation, annual evaluations documenting successful teaching, and documents verifying proficiency in SC State Standards competencies. Individuals requesting this exemption should discuss their experience with the M.A.T. program director. Candidates granted this exemption will enroll in EDU 6480 Professional Portfolio Development.

Time Limitation

The time limit for completion of all requirements is six years, measured from the date a candidate is admitted into the M.A.T. Program (Milestone 1).

Completion Requirements

- Complete Milestones 1-6.
- Maintain a minimum GPA of 3.0 and receive no grade below a "C."
- Achieve at least the minimum acceptable competency level rating on each of the seven candidate proficiencies.

Licensure Recommendation Requirements

Candidates who wish to be recommended for South Carolina state initial certification must:

- Achieve a grade of "B-" or above in Clinical Practice.

Students are admitted in cohort groups during the summer to complete a concentration in Educational Leadership. Courses are provided online and in summer intensives.

Purpose

The Ed.S. degree strives to produce professionals who lead others in addressing educational needs from a biblical perspective.

DOCTORAL PROGRAM

DOCTOR OF PHILOSOPHY

Overview

The College of Education's Doctor of Philosophy (Ph.D.) program is designed to meet the professional development needs of Christian educational leaders. Birthed from Columbia International University's long-standing commitment to Christian school and Christian higher education, the Ph.D. program aims to develop educators to lead, model, think, communicate, and research with biblical excellence. Students will grow in their ability to enhance God's Kingdom work in Christian educational institutions and to represent Christian education perspectives in the broader society. Students are admitted in cohort groups during the summer. Courses are provided online and in summer intensives.

Ph.D. graduates complete a concentration in Christian Higher Education Leadership, Christian School Leadership, or Curricular and Instructional Leadership.

Purpose

The Ph.D. program strives to produce leaders who have a biblical perspective and mentor educational communities while addressing needs through education.

Objectives

Students will demonstrate learning in specified areas of educational leadership. The program specifies competencies which students must satisfactorily demonstrate for completion of the degree. Five competencies are addressed in a summative portfolio of student assignments and projects, six are addressed in the qualifying exam taken near the conclusion of coursework, and two are addressed through the doctoral dissertation.

The competencies are supported by program courses. All students must demonstrate satisfactory competence in all required outcomes; no competencies will be waived. Students who do not take a specified program course or elective which is associated with a specified competency must still prepare to demonstrate that outcome through the portfolio or qualifying exam.

Students will understand, analyze, synthesize, and evaluate:

- Christian education, including biblical perspectives, foundational theories, research findings, cultural/sociological dynamics, and alternative models for educating diverse learners in contemporary Christian educational institutions.
- High-quality Christian education leadership, including biblical perspectives, theoretical approaches, research findings, and alternative models of effective leadership and functioning of organizations, groups, and individuals within organizations.
- The components and process of quantitative and qualitative research which produce new theory, knowledge of effective practices, and solutions to educational questions and problems within an educational institution.

Admission Criteria

In addition to satisfying the general admissions requirements of the university, students applying to the Ph.D. are reviewed by a College of Education faculty admissions panel, including an interview in person (or by phone). This panel recommends acceptance according to the applicants satisfaction of the following criteria:

1. Master's degree from an accredited institution that provides a relevant foundation for doctoral studies in educational leadership. (An education or education-related field is the strongly preferred focus of the master's degree.)
2. Performance in graduate coursework indicating an ability to be successful in doctoral-level studies
3. Command of the English language as evidenced in a writing sample that demonstrates the ability to do doctoral research and writing
4. Christian maturity appropriate for leadership
5. Administrative or teaching experience (K-12th grade, higher education) and other evidence indicating that the doctoral degree will enable the applicant to enhance his or her leadership role and contribution to the cause of Christian education
6. Official GRE test scores above the 50th percentile (verbal and quantitative) and a minimum rating of 3.5 on the analytical writing section or official MAT scores above the 50th percentile. (The exam must have been taken within the last five years.)

When the number of qualified applicants exceeds the cohort enrollment limit, the most qualified applicants will be considered for admission.

Required Foundational Knowledge of Bible and Theology

Twelve credits are required, including one course from each of the following topics:

- Christian life development or spiritual formation
- Missions
- Biblical studies (i.e. Old or New Testament survey, Progress of Redemption, theology, or Bible book study)
- Biblical hermeneutics (interpretation)

This requirement may also be satisfied by either a Bible certificate or a total of 30 credit hours of coursework in Bible and theology from an accredited college or university.

Residency and Transfer Policies

A maximum of fifteen credit hours of appropriate graduate coursework in education may be applied toward the Ph.D. program, as determined by the program director. An additional nine credit hours in education courses may be transferred from post-master's coursework. Transfer credit must be from an accredited institution with a grade of "B-" or above. Students completing the Ed.S degree at CIU within the previous five years may transfer 36 hours of the Ed.S. and up to nine hours of master's-level work. Students transferring from an accredited institution with an Ed.S. completed within the previous five years may transfer up to twelve hours from the Ed.S. degree and up to fifteen hours of masters' level work.

The combined total credits applied to the student's master's degree and CIU doctoral program must be no less than 87 semester hours. (Selected Ph.D. courses are offered through the Körtal campus. Contact the program administrator for further information.)

Time Limitation

The time limit for completing the program is six years, from the student's first class to graduation. In extenuating circumstances, a student may petition for additional time to complete the dissertation. If the extension is granted, the student will be assessed an annual continuation fee until all program requirements are met.

Completion Requirements

- Complete Bible and theology requirements prior to admission to candidacy status.
- Maintain a minimum cumulative GPA of 3.2 (on a 4.0 scale), with no grade below "B-" applicable to the degree. A maximum of 15 credits of appropriate master's-level coursework and an additional 9 credits of appropriate post-master's coursework ("B-" or above) may be applied. (Transfer grades are not calculated in the cumulative GPA.)
- Demonstrate competency on each of the program's outcomes through satisfactory completion of courses, portfolio requirements and the qualifying examination.
- Complete and orally defend an approved dissertation that exhibits the student's ability to do competent research, think critically, and communicate effectively.

SEMINARY & SCHOOL OF MINISTRY

FROM THE DESK OF THE DEAN...

The College of Intercultural Studies (CICS) equips and connects students for effective life, work, and ministry in a culturally diverse world. We prepare students for tomorrow's challenges and opportunities in marketplace, ministry, and missions endeavors.

Our undergraduate programs build a foundation for understanding cultures and worldviews. Students learn to identify distinct cultures and their inherent barriers and bridges for cross-cultural relationships. In the process, they become acutely aware of their own culture. CICS students participate in field-based internships. The following programs prepare students for a variety of career and ministry tracks:

Global Business Development major
Global Media Communication major
Intercultural Studies major and minor
International Community Development major and minor
Teaching English as a Foreign Language minor

Our graduate programs provide experienced practitioners the opportunity for self-assessment and re-tooling while new ICS students learn “cutting edge” principles and practices of international and cross-cultural work. Internships seek to connect students with the next step in their career or ministry journey.

Graduate Certificate in Teaching English as a Foreign Language
Graduate Certificate in Intercultural Studies
Graduate Certificate in Muslim Studies
Masters of Arts in Intercultural Studies
Masters of Arts in Muslim Studies
Masters of Arts in Teaching English as a Foreign Language/Intercultural Studies

International businesses and non-profit organizations are looking for culturally intelligent graduates who understand and navigate the critical paths of our multi-cultural world while they maintain and model a high caliber of character and integrity. The College of Intercultural Studies prepares such students for global engagement tomorrow.

Looking forward,

Ed Smither, Ph.D.

COLLEGE OF ARTS & SCIENCES

COLLEGE OF EDUCATION

COLLEGE OF INTERCULTURAL STUDIES

◆ **SEMINARY & SCHOOL OF MINISTRY**

FROM THE DESK OF THE DEAN...

Greetings from the faculty and staff team of the Seminary & School of Ministry (SSM). It is my privilege to provide a brief introduction to the mission and goals of Columbia International University's SSM.

As one of the colleges of CIU, we wholeheartedly embrace the purpose of educating people from a biblical worldview to impact the nations with the message of Christ, or to put it more succinctly, "to know Him" better and "to make Him known" more effectively. At CIU's SSM, we express our role in implementing that purpose in this way:

The mission of Columbia International University Seminary & School of Ministry is to assist the Church in equipping Great Commission Christians for culturally-relevant ministry among the nations.

As a faculty and staff, our desire is that studying with us will transform your life while enhancing your knowledge, attitudes, and skills in four areas:

1. Biblical-theological knowledge necessary to interpret and apply the biblical text and to engage contemporary theological, ethical, and apologetic issues
2. Consistent growth toward Christ-like attitudes and behavior accompanied by a commitment to helping others grow in Christ
3. Practical skills necessary to engage in vocational Christian ministry with cultural understanding and sensitivity
4. A Great Commission mindset toward life and work

In other words, we hope you will strengthen your ability to think biblically, grow spiritually, and minister effectively with a Great Commission focus.

The following information will give you a taste of our programs, our personnel, and our passion, but it might not tell you everything you want to know. If we can help you personally, please call us at 800.777.2227 or email us at SSM@ciu.edu so we can answer your questions or discuss your specific needs.

Yours in Christ,

John D. Harvey, Th.D.
Dean of the Seminary & School of Ministry

ADVANCED BIBLICAL & THEOLOGICAL STUDIES MAJOR

WITH FIVE-YEAR INTEGRATED BACHELOR OF ARTS & MASTER OF DIVINITY

Overview

CIU's Seminary & School of Ministry (SSM) offers an integrated program of study that allows academically-gifted, mission-quality high school graduates who have a clear sense of calling to vocational Christian ministry as senior or solo pastors to complete both a Bachelor of Arts degree and a Master of Divinity degree in five years.

During their first two years, students complete the majority of the standard undergraduate core of Bible/Theology, general education, and leadership development, including designated electives in philosophy, logic, and world religions. During their third year, they begin courses in their Advanced Biblical and Theological Studies major, which adds depth in Biblical languages, theology, and worldview.

Students apply to the Master of Divinity degree during their third year of study. If they are accepted, the fourth year is a "bridge" year in which they complete the requirements for their B.A. and begin their course work for the M.Div. A Senior Seminar allows them to integrate their biblical-theological understanding and transition to graduate-level study.

Students graduate with their B.A. in the spring of their fourth year and engage in intensive paid internships during the summer before their final year. Those internships are in venues that allow students to be mentored by experienced pastors whose primary focus is preaching. They complete their graduate-level requirements during their fifth year and graduate with their M.Div. at the end of that year. The following table provides a basic overview of the program.

	Bachelor of Arts	Master of Divinity
Year 1	Undergraduate core	
Year 2	Undergraduate core	
Year 3	Undergraduate major	Apply for admission to M.Div.
Year 4	Complete B.A.,	Begin graduate studies
Year 5		Complete M.Div.

Purpose and Objectives

The Advanced Biblical and Theological Studies major provides students with in-depth training in biblical languages, theology, and worldview. It prepares them to explain, contextualize, and defend God's Word accurately in the contemporary world and to use their training as a foundation for graduate-level study or research.

In addition to the mission statement and general objectives and requirements of the bachelor's degree, the objectives of the Advanced Biblical and Theological Studies program are to enable students to:

- Translate and explain OT or NT texts based on the applicable original language.
- Contextualize and defend the Christian faith in the contemporary world.
- Set key theological doctrines into the historical context of global Christianity.

The M.Div. (Bible Exposition) provides students with a comprehensive range of biblical-theological knowledge and practical skills for ministry leadership along with specialized skills to understand, apply, and communicate the Scriptures effectively on a regular basis in a local church context.

The objectives of the Bible Exposition concentration are to enable students to:

- Discuss the teaching of individual Bible books in detail and trace key themes in Scripture.
- Practice sound exegesis and exposition of the biblical text based on the original languages.
- Demonstrate skill in communicating biblical truth using a variety of communication methods appropriate to the culture.

Admission and Continuation Requirements

Because of the rigorous nature of this program, applicants must meet the following qualifications in addition to those normally required for admission to an undergraduate degree at CIU:

- A high school GPA of 3.5 or better on a 4.0 scale.
- A score of 27 on the ACT or 1820 on the SAT.
- A letter of endorsement from a local church, a church-related ministry, or a parachurch ministry documenting evidence of ministry involvement and effectiveness.

A screening committee reviews each application. Applicants are expected to participate in a campus visit weekend, during which they engage in a series of interviews and group discussions as part of the admission process. The visit weekend gives the screening committee a formal venue for evaluating the academic, spiritual, and leadership qualities of prospective students. For the non-MDIV option, no special admission requirements apply (details listed below).

When students apply to the M.Div. degree during their third year of study, the screening committee again interviews them to assess their academic, spiritual, and ministry progress. Academically, they must maintain at least a 3.3 GPA throughout their undergraduate studies. To measure their spiritual progress, they complete the Spiritual Transformation Inventory, an online tool that assesses personal growth in key areas of spiritual formation. To measure their ministry progress, they write a personal philosophy of ministry. If the committee's evaluation is positive, students proceed to graduate-level study. If the committee determines that their progress has not been adequate, they are re-directed to another professional major available in the university.

See Appendix A for B.A. graduation requirements and the Completion Requirements for Masters Level Programs later in this section of the catalog.

- Master an intermediate-level understanding of the grammar and syntax of Old Testament Hebrew.
- Practice aided reading and produce accurate translations of Old Testament texts into English.
- Understand the texts of the Old Testament against their historical, literary, and cultural contexts.

They will explore the role of the chaplain in institutional and organizational settings and will develop a basic understanding of church ministry and administration, pastoral care, world religions, ethics, leadership, and spiritual concerns as they relate and apply to chaplaincy.

In addition to the mission statement, general objectives, and requirements of the bachelor's degree, the objectives of the Chaplaincy minor are to enable students to:

- Develop a basic understanding of chaplaincy ministry in institutional/organizational settings.
- Develop a basic understanding of pastoral care as applied in chaplaincy.
- Build a Christian ethical foundation that is used in decision making and diplomacy.
- Build foundational leadership skills needed to lead, influence, and model what it means to be a Christian leader in the world today.
- Build introductory administrative and church ministry skills that provide a basic understanding of how chaplaincy is administered.

GRADUATE PROGRAMS

Community expectation (evangelical or secular) does not ultimately determine the meaning of a degree from Columbia International University Seminary & School of Ministry. We are responsible to define our own purpose and establish our own achievement standards. All of CIU's SSM graduate degree programs are intended to help students prepare for Christian ministry. Criteria for granting a degree, therefore, are designed to reflect the student's character and competence in both general and professional areas.

Commitment to whole-life training designed to prepare Christians "to know Him and to make Him known" means earning a graduate degree from CIU's SSM involves more than meeting academic requirements. Graduating students also must reflect appropriate achievement of the SSM's educational objectives, including evidence of personal morality, positive interpersonal and family relationships, and local church involvement.

Although educational objectives cannot be measured with complete objectivity, we believe valid, fair, and useful assessment is possible and necessary.

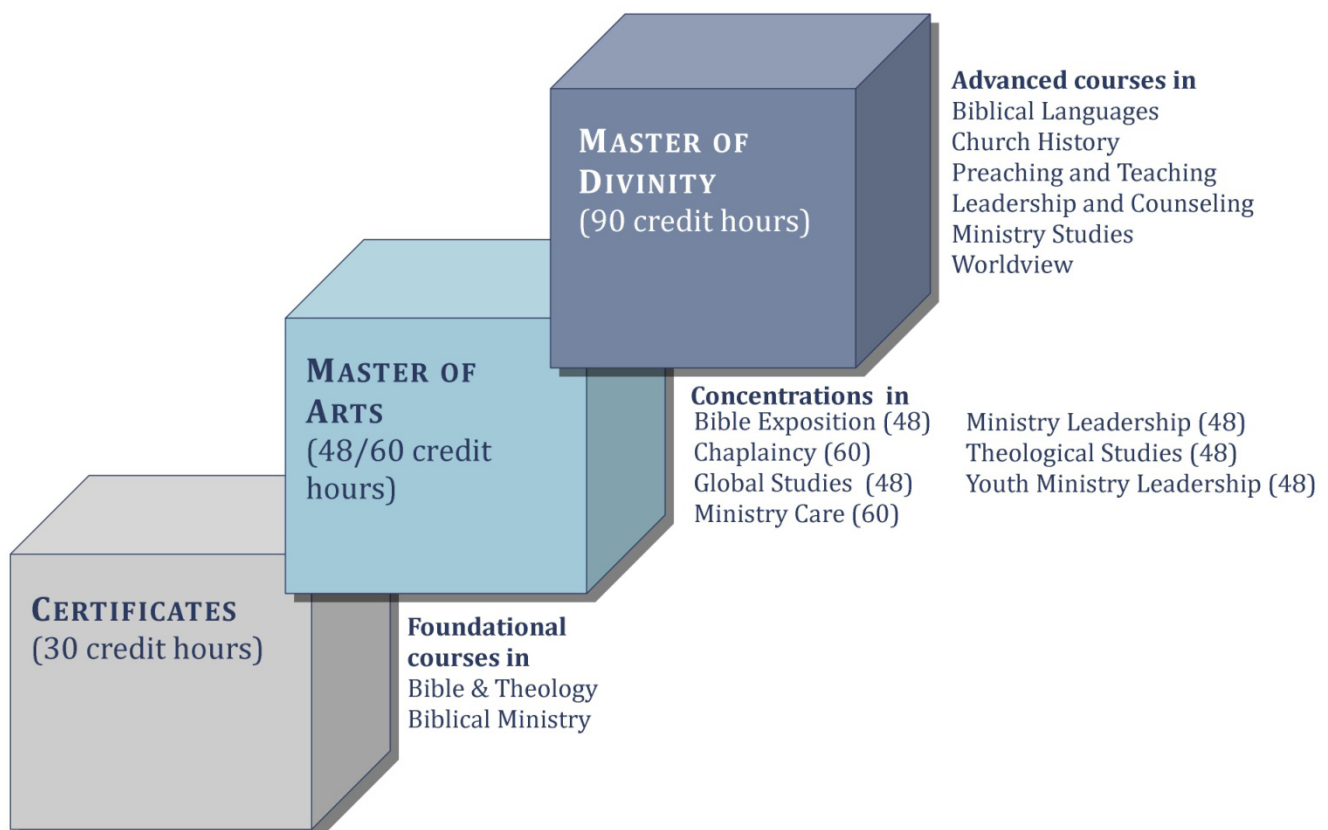

To qualify for a degree, the student must demonstrate an accurate understanding of basic biblical doctrines and be in agreement with the institution's doctrinal statement (with the exception of section 8). The student must also demonstrate an accurate understanding of and commitment to the inerrancy of the Scriptures.

The Building Block Approach

For most students, CIU's SSM faculty believes the Master of Divinity (M.Div.) is the program of choice because:

- The M.Div. curriculum affords the most thorough training for ministry leadership.
- The M.Div. is the stated or preferred qualification for ordination in many churches.
- The M.Div. is the degree required for continuing professional development in any accredited Doctor of Ministry (D.Min.) program.

The Certificate and Master of Arts programs are specifically designed so a student may begin in the certificate program and later use those courses to proceed to an M.A. or M.Div. degree, as illustrated below:

Program Options

Program 1 is designed for college graduates with no previous studies in Bible or theology. Program 2 is designed for college graduates who have at least 30 semester hours of Bible, theology, or Church history.

Program 1 purpose is to provide:

- Globally-focused, multicultural ministry training for college graduates whose previous study has not included biblical and theological disciplines.
- Ministry training for individuals who are changing careers.
- An opportunity for personal development through careful study of the Scriptures and application of biblical truth to life and ministry.
- An opportunity to test one's call to vocational Christian service through ministry studies and supervised experience.

Program 2 purpose is to provide:

- Advanced ministry preparation that acknowledges and builds on prior studies in Bible, theology, and Church history.
- Specialized training for individuals who intend to serve in another culture.
- Professional development for individuals in ministry who desire the refreshment and growth stimulated by advanced studies.
- Advanced training in biblical studies.

The Program 2 curriculum has been constructed to ensure adequate coverage and balance in essential areas of preparation for ministry without unwarranted duplication of prior study. Where duplication occurs, a student may petition to substitute another course in the same field of study.

Entrance Requirements

In addition to those requirements listed in the Admissions section of this catalog, applicants for Program 2 must have a baccalaureate degree from a regionally accredited institution and a minimum of 30 semester hours of previous study in Bible, theology, and/or Church history.

Students with 18-29 semester hours of previous biblical and theological studies from an accredited institution may enroll in CIU's SSM as Program 1 students and complete the courses necessary to reach the 30 semester hour minimum for entrance into Program 2. Hours used to meet entrance requirements, however, may not be applied toward degree completion. Once students have met the 30 hour minimum they may apply for entrance into a Program 2 degree using the Degree Change form available from the SSM dean's office (Schuster 140) or [online](#).

Completion Requirements:

All Masters Level Programs Requirements

- Completion of one of the prescribed curricula with a minimum 2.5 cumulative GPA. Although faculty advisors assist students in planning their course of studies, it is the student's responsibility to ensure all requirements for graduation have been met.
- Read the entire Bible following admission, including selections assigned in Bible courses. This requirement must be completed six weeks prior to graduation (not applicable to D.Min. or SSM certificates).
- Significant achievement of CIU's SSM objectives (see above)
- Affirmation of the Doctrinal Statement, except section 8 (see below)
- Completion of chapel attendance requirement (see below)

SSM Internships

Undergraduate-level students in the Church Ministry major and the Youth Ministry, Family, and Culture major as well as graduate-level students in the following degrees must complete an internship as the capstone experience of their studies:

- Master of Arts in Bible Exposition
- Master of Arts in Chaplaincy
- Master of Arts in Global Studies
- Master of Arts in Ministry Care
- Master of Arts in Ministry Leadership
- Master of Arts in Youth Ministry Leadership
- Master of Divinity (all concentrations)

Undergraduate-level students must complete at least 90 semester hours before beginning their internships. Graduate-level students must complete INT 6110 Foundation of Internship before beginning their internships. They must complete INT 6110 at least one semester before the semester in which they plan to graduate. Students will not participate in commencement activities until they have completed their internships.

In addition to demonstrating progress in the practice of ministry, interns are also evaluated on their character and spiritual maturity. After completing all internship requirements, the student will meet with his/her academic advisor to discuss the information gathered during the internship. Should the advisor deem it necessary, the appropriate Student Life chaplain may be invited to the meeting. The student may also request a specific faculty member be included, if he/she desires.

Time Limitation

The time limit for completion of all requirements for master's level degrees is ten years.

Doctrinal Statement

No student who denies any of the doctrines as stated in the official doctrinal statement, affirms error in Scripture, or believes in the ultimate salvation of all persons will be admitted to candidacy for a degree (with the exception of section 8).

Chapel Attendance

Chapel has historically been a vital part of the student experience at CIU. It provides an opportunity for learning, exposure to core values, practical information, fellowship in community, prayer, and worship of God. The chapel experience of being subject to one another out of reverence for Christ (Eph. 5:21) is itself a spiritual discipline and an opportunity to grow in grace. Because the CIU family believes in the importance of chapel, we believe all students should participate in chapel during their educational programs.

With these factors in mind, all SSM students will attend at least 15 chapels per semester, according to the length of their program:

- Bible and Theology Certificate (30 semester hours): one semester
- Biblical Ministry Certificate (30 semester hours): one semester
- Program 2 Academic M.A. (33 semester hours): one semester
- Program 1 Academic M.A. (48 semester hours): two semesters
- Program 1 and 2 (48, 60, and 72 Professional M.A. semester hours): two semesters
- Program 1 and 2 M.Div. (72 and 90 semester hours): three semesters

All SSM students will attend required chapels as designated on the online chapel schedule (e.g. President, Chancellor, President Emeritus). These required chapels are included as part of the 15 chapels per semester. SSM students who are unable to attend chapels in person may fulfill their chapel responsibility by listening to the audio files posted on www.ciu.edu.

Students register for chapel courses of the appropriate number (CHL 5001, 5002, 5003) at the beginning of the Fall and Spring semesters. At the end of each semester, students must indicate on the online course site whether or not they have met the attendance requirement for the semester.

Earning the M.Div. Degree Following the M.A. Degree

Students occasionally decide to pursue the M.Div. degree after graduating with an M.A. degree. The student begins this process through the office of admission. Depending on whether the student wishes to surrender the M.A. for the M.Div. or keep both degrees, the remaining process differs.

Surrendering the M.A. for the M.Div.: The student works with an academic advisor to identify a plan that utilizes the credits earned in the M.A., includes all prescribed M.Div. courses, and fulfills the total credit hours required for the M.Div. (Note: Students who have earned a Program 1 M.A. must continue to the Program 1 M.Div.) The student must complete all M.Div. requirements within six years of earning the M.A. degree. Once the student completes the M.Div. requirements, he/she surrenders the M.A. degree, and it is removed from his/her record.

Keeping both Degrees: If the student has exceeded the six-year limit for surrendering the M.A., he/she may add the M.Div. as a second degree. The student works with an academic advisor to identify a plan that utilizes fifty percent of the credits earned in the M.A., includes all prescribed M.Div. courses, and fulfills the total required M.Div. credit hours. (See the total hours listed under the section on earning two degrees.)

Note: As with any SSM professional degree, coursework applied to the M.Div. must be taken within ten years of completing the degree.

Purpose

The Doctor of Ministry (D.Min.) degree is designed for those who hold the M.Div. degree or its equivalent and who have significant experience in pastoral or cross-cultural ministry. Students will build on previous studies and ministry experiences to attain higher levels of competency.

This degree program is designed to advance students' knowledge of the foundations of and current developments in ministry, to deepen understanding of their philosophy of ministry, to enhance their ability to function professionally, to increase their capacity to think and act purposefully in ministry, and to strengthen their spiritual and moral integrity. Demonstration of significant progress in these areas is an essential ingredient of the program. Progress is observed through a constant mentoring relationship with an assigned member of Columbia International University's Seminary & School of Ministry (SSM) faculty.

Admission Requirements

- Students whose GPA falls between 2.8 and 3.0 may be considered for admission on a probationary basis if they submit their requests in writing accompanied by appropriate rationale. Their applications will be reviewed and evaluated by the Doctor of Ministry Committee on a case-by-case basis.
- A Master of Divinity (M.Div.) degree with a minimum "B" (3.0) average. Applicants who do not hold the M.Div. degree but have completed another graduate theological degree and believe they have theological training equivalent to an M.Div. may submit evidence of work completed to the Admissions office for assessment.
- At least three years of active involvement in ministry subsequent to completion of M.Div. studies. Applicants to the missions concentration are required to meet this requirement in active cross-cultural ministry unless their primary assignment is North American missions administration.
- A completed D.Min. application, including forms and instructions, available through the Admissions office
- International students must demonstrate proficiency in the use of the English language.
- Any additional requirements set by the SSM or the Admissions office

Academic Information

While the SSM's D.Min. program is noted for its flexibility, the individualized program of studies must be appropriate to the concentration. With the exception of the Chaplaincy concentration (which allows a maximum of 6 semester hours of transfer credit from chaplaincy training), 24 semester hours of study, including the dissertation project, must be taken at CIU at the 9000 level. No more than six semester hours may be transferred in or taken (with permission) at the 6000 or 7000 level. All requirements for the D.Min. degree must be completed within six (6) years, beginning from the date of the student's first enrollment in a doctoral course following acceptance into the program. Extending studies beyond the sixth year will result in an annual continuation fee.

Prospective students may be admitted as non-degree seeking students (NDSS), complete up to two D.Min. courses, and apply those courses to their program at a later date. Each course completed before acceptance into the program will be considered as three (3) months of program time.

Program Outcomes

Because of the individualized nature of D.Min. studies, SSM uses the dissertation-project to assess achievement of program outcomes. In the production and oral defense of their final dissertation-projects, students will

- Demonstrate an in-depth understanding of the biblical-theological foundations of ministry and an ability to gather, use, and synthesize key resources.
- Demonstrate an ability to think and plan creatively while using innovative concepts, methods, and approaches to the theory and/or practice of advanced professional competence.
- Demonstrate an ability to present the results of research professionally and to receive and respond to constructive criticism graciously and humbly.
- Demonstrate an ability to function responsibly in the context of a supervisory relationship while exhibiting CIU's core value of victorious Christian living.

Candidacy

Advancement to candidacy occurs when students have successfully completed all coursework and their dissertation project proposals have been accepted by the dissertation committee.

EDUCATIONAL OPPORTUNITIES

Academic Success Center

The Academic Success Center assists students with their academic pursuits. Tutors are available to guide students through academic planning, time management, test preparation, editing, and assigned coursework. Help with study skills is available through workshops provided by the Center. The Center also administers the College-Level Examination Program (CLEP).

The Academic Success Center provides the necessary accommodations for students with physical, emotional, and learning disabilities. Columbia International University is committed to providing equal educational opportunities for all students and assisting in making their college experience successful. In compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act, CIU provides reasonable accommodations for students with currently documented disabilities. Requests for accommodations should be made to the Academic Success Center at 803.807.5611 or academicsuccess@ciu.edu at least 30 days prior to the first day of class to ensure the quality and availability of services needed. Questions regarding requirements for qualifying documentation and disability accommodations should be directed to the Academic Success Center.

Atlanta, Georgia Site

Columbia International University's Seminary & School of Ministry offers intensive courses in January and June at the Continuing Education School on the campus of the Evangeline Booth College of the Salvation Army Southeastern Territorial Headquarters in Atlanta, Georgia. Located 20 minutes from the Hartsfield-Jackson Atlanta International Airport, the Continuing Education Center provides excellent classrooms, WiFi access, guest rooms, and access to both a full-service dining facility and a wellness center. Courses offered in Atlanta are scheduled to permit students to pursue a seminary degree through our hybrid degrees and may be applied to any degree offered by the SSM. Enrollment is open to anyone meeting SSM admission requirements. Detailed information about the Atlanta site may be found at www.ciu.edu/atlanta.

CIU TravelLearn

TravelLearn provides international experiences through diverse study tour opportunities which assist CIU in helping students gain a broader worldview and appreciate cultural diversity. These credit-bearing courses are designed to expose participants to the sights, sounds, and practices of foreign cultures, enabling them to experience God at work in new contexts while interacting with various people from around the world. Humanities Study Tours provide historical, philosophical, theological and cultural instruction of the areas being visited. The Israel Study Tour allows participants to study the Bible in its historical and geographical setting. "Mobilizing Youth" prepares students to effectively design and implement short term youth mission trips. "International Teaching" enables students to experience teaching in a cross-cultural environment.

Tours arranged through TravelLearn include three credit hours of tuition in the cost of the trip. Registration for all TravelLearn courses requires an application and selection process, valid passport, and payment in full by the add/drop date of the semester in which courses take place. All study tour applications include a nonrefundable application fee at the time of submission. This fee is applied to the cost of the trip. Whenever space allows, CIU invites alumni, friends, and guests to participate, but priority is given to students whose programs require participation. TravelLearn strives to provide affordable, cost effective trips for students. Due to expenses incurred, the university does not grant refunds after the add/drop date. Guest participants are encouraged to purchase cancellation insurance upon registration and acceptance. The TravelLearn staff delights in providing memorable travel experiences and encourages students to benefit from these valuable learning opportunities.

The European School of Culture and Theology: Korntal, Germany

The European School of Culture and Theology (ESCT) began as a partnership between Columbia International University and the Arbeitsgemeinschaft Evangelikaler Missionen (AEM). In 1978 AEM launched a program of continuing education for missionaries which matured in 1985 into the Freie Hochschule für Mission (FHM). Shortly thereafter, a desire to offer university credit led to discussions exploring a partnership with CIU. In 1990, a credit-offering program of FHM was recognized as an extension site of CIU and in 1994 CIU-Korntal was established as a complete degree site of CIU. When the Akademie für Weitmission Korntal (AWM) was founded as the successor to FHM in 2000, an integral aspect of AWM was the continuation of the partnership agreement with CIU.

CIU now operates a complete degree site in Korntal, Germany, a village with longstanding evangelical and missionary heritage, located just northwest of Stuttgart, the capital of Baden-Württemberg. German language programs and English language courses that are contextually attuned to the culture and context of German-speaking Europe are offered. The

campus is a place of spiritual preparation and missiological study for all who wish to prepare for missionary service both in Germany and internationally.

CIU's European School of Culture and Theology (ESCT) offers a variety of educational programs. The Bachelor of Arts degree (with majors in the Bible and General Studies) is designed to assist with significant Bible and ministry preparation to finish the necessary requirements to earn an accredited bachelor's degree from CIU. This program specifically targets German-speaking individuals with significant education who may already be serving in intercultural settings. Currently, up to 49 percent of the degree requirements can be completed at the Korntal campus. Graduate-level students enrolled at the ESCT or may earn the Biblical Ministry Certificate, Master of Arts degree, Master of Divinity degree, Doctor of Ministry degree, or a Doctor of Education degree.

CIU students serving in Europe have the opportunity to take modular courses at ESCT-Korntal which applies to programs as resident credit. This is an opportunity to study alongside others from their host country and share learning processes related to ministry. It is also an opportunity to continue working on a degree while in their country of service without taking prolonged periods of absence.

G. Allen Fleece Library

The mission of the G. Allen Fleece Library is to provide relevant resources and services in a wide variety of formats to equip, enrich, and inspire the scholarship and ministry of life-long learners. The library contains a collection of over 350,000 items including books, ebooks, journals, DVDs, CDs, maps, and more. Additionally, access to over 130 electronic databases, many of which are full text, is available to all current students through the library. The library also provides inter-library loan services and participates in PASCAL Delivers, a consortium of 58 South Carolina academic libraries.

The library is a member of several national and specialized library associations, such as the Partnership among South Carolina Academic Libraries (PASCAL), the Christian Library Consortium (CLC), and has membership in the American Theological Library Association (ATLA) and the Association of Christian Librarians (ACL). Visit www.library.ciu.edu for more information.

The Curriculum and Ministry Resource Department (CMRD) is a branch of the library that contains teaching material and equipment designed to assist student teachers and those involved in Christian education and outreach ministries. The CMRD maintains a cataloged collection of over 10,000 teaching resources including DVDs, PowerPoint lessons, maps, models, pictures, posters, puppets, and an array of other educational items. (International artifacts, costumes, flags, and various multimedia equipment may be borrowed for teaching purposes.) An assortment of creative production equipment including Cricut and laminating machines is available for designing personal resources. The CMRD includes a collection of over 3,000 books to aid the public school educator in lesson development for grades K-6th and the Bible teacher in lesson development for grades 3rd-12th.

Honors Program (Undergraduate)

The Honors Program exists to offer additional opportunity for highly motivated students to enhance their educational experience at Columbia International University. The Honors Program is open to students of every major and most students will be able to complete the program within their recommended program of study. As part of their degree program, students in the Honors Program complete a series of courses with the "Honors" designation. Within these courses, students will have the opportunity to engage critically with readings from works identified as the "great books" in human history and to further develop skills in communication (written and oral), research, and critical thinking (analysis and synthesis of material). This series of courses covers areas of literature, theology, philosophy, psychology, and biblical studies. As a capstone to the program, students will also complete an Honors component of a senior-level course in their respective major. Interested students should contact Admissions for entrance requirements and information about application.

Intensive Courses

Core and elective courses are offered every year in intensive one and two-week format. The abbreviated format of these sessions enables students to accelerate their programs or to fit continuing education into life and ministry commitments. During these shorter sessions, Columbia International University is able to bring outstanding leaders in various fields to campus. Intensive courses include pre-attendance and/or post-participation reading, reflection, research, and evaluation.

Online Studies

Columbia International University offers online courses at both the undergraduate and graduate level. These courses are designed to serve students at a distance, although resident students may also register for them to alleviate schedule conflicts or to accelerate progress toward graduation.

Discussion forums and chats provide the interactive experience of an online community. Once students register for a course they have access to the CIU library for research and can begin submitting assignments electronically. The professors who facilitate online courses provide prompt feedback beginning with the published start date and continuing throughout the duration of the course.

Zwemer Center for Muslim Studies

The Zwemer Institute was established in 1979 to offer in-depth courses in Islam, produce papers, foster dialogue, and facilitate research on pertinent topics. In 2003, the Zwemer Institute moved to the campus of Columbia International University to become the Zwemer Center for Muslim Studies. Every year the Zwemer Center offers graduate-level courses on the Columbia campus. Most courses are in a one-week intensive format offered in January and July. Some courses are available through distance education year-round and some are offered on campus during Fall and Spring semesters. All intensive courses may also be taken as non-credit seminars. (Non-credit seminars are also available at other locations upon request.)

Cooperative Educational Programs

Allen University

Columbia International University's Seminary & School of Ministry (SSM) and Allen University have established a cooperative agreement that makes it possible for students to complete a dual study program consisting of a Bachelor of Arts degree with a major in Religion at Allen University and either a Master of Arts (Theological Studies) or a Master of Divinity degree at CIU's SSM. This agreement provides a smooth curricular transition for students, allowing them to enter a master's degree program without loss of credit or duplication of coursework. For further information on this agreement, contact the SSM dean's office.

AMBEX Semester Abroad in Germany

Columbia International University has an articulation agreement with the AMBEX semester abroad program sponsored by Corban College in Salem, Oregon. This semester experience in Germany is offered in English and includes approximately 16 credits of coursework such as geography, Reformation theology, Christian worldview, art history, and an introduction to the German language. The program is headquartered in Regensburg, one of the oldest Roman settlements in Germany, located on the Danube River about an hour from Munich. Extensive travel is part of the experience.

Best Semester Ever Program

Best Semester Ever Program is the portal for the off-campus study programs offered by the Council for Christian Colleges & Universities (CCCCU). A total of 11 semester programs and one summer program are offered and designed to serve the academic interests of CCCC member institutions. Students from CIU have participated in several of these off-campus programs in the past, including the L.A. Film Studies Center, Australia Studies Centre, and the Oxford Summer Program. For more information, visit www.bestsemester.com.

Carolina Theological Consortium

In order to advance the cause of Christ through graduate-level theological education in North and South Carolina and to affirm a spirit of collegiality, Columbia International University's Seminary & School of Ministry is a full member of the Carolina Theological Consortium. Other members of the consortium are Erskine Theological Seminary, Gordon-Conwell Theological Seminary—Charlotte, and Reformed Theological Seminary—Charlotte. Students in good standing in each of the member schools may cross-enroll in master's or doctoral degree courses offered by any of the schools and may borrow library materials from any of the schools. Admission of students who wish to cross-enroll depends on an available space.

The HEART Institute

The HEART (hunger, education, and resource training) Institute offers courses to a cohort of students from a variety of schools participating through articulation agreements. The HEART Institute is affiliated with and located adjacent to Warner Southern College in Lake Wales, Florida. CIU students selected to participate in the program will be under the faculty supervision of Dr. Mike Barnett. (Please note that admission to the HEART Institute at CIU requires an additional application process and that admission is limited.)

Institute of Theological Seminars

The Institute of Theological Seminars (ITS), a joint ministry of Great Commission Center International (GCCCI) and Christian Renewal Ministries (CRM), is dedicated to providing graduate theological training for Chinese Christian professionals. Through a formal articulation agreement, Columbia International University's Seminary & School of Ministry permits students who have completed studies at the Institute of Theological Seminars to become transfer students with advanced status in the certificate and degree programs of CIU's SSM. Students transferring from ITS must have completed a bachelor's degree from a recognized college at the time they pursue coursework at ITS.

Jerusalem University College

Since Columbia International University is a member of the Associated Schools Consortium of Jerusalem University College (JUC), CIU students have access to an off-campus center for the study of biblical history, geography, and archaeology on Mount Zion in Jerusalem. Students enrolled in CIU's bachelor's degree in Middle Eastern Studies have a year of study in Jerusalem built into their program (provided they are accepted to attend JUC). Students in other CIU programs may supplement their studies with courses at JUC.

JUC provides exposure to the history, culture, language, and geography of Israel from antiquity to the present. The faculty includes Christian, Jewish, and Arab scholars from the faculties of Israel's leading institutions, as well as JUC's resident faculty. Classroom instruction is complemented with field work in archaeology and historical geography. Students may study the Hebrew language, biblical history, Middle Eastern studies, and early Christianity studies. Undergraduate students may bring up to one year of study at JUC into their program at CIU. Graduate programs are also available through JUC's School of Graduate Studies. For more information, visit www.juc.edu or contact the Middle Eastern Studies program director.

Los Angeles Film Studies Center

The Los Angeles Film Studies Center is a one-semester program of the Council for Christian Colleges & Universities designed to provide specialized academic preparation for placement in the mainstream Hollywood film industry. College-level students receive intense instruction and experience in a 16 credit semester format whereby the student receives credit from Columbia International University. This program provides an excellent learning component for the Communication major. For more information, visit www.bestsemester.com or contact the Communication program director.

New York City International Project

In partnership with the New York City International Project, CIU students can complete much or perhaps all of the MA in Intercultural or Muslim Studies (program 2 only) while serving in an exciting church planting internship among Muslims and internationals in New York City. Students may be enrolled full or part-time through CIU's online studies. See the MA in ICS or Muslim Studies for more information.

Urbana Theological Seminary

Columbia International University's Seminary & School of Ministry and Urbana Theological Seminary have established an articulation agreement that permits qualified students who take courses at Urbana Theological Seminary to apply those courses to the certificate and degree programs of the SSM. Contact the SSM dean's office for more information.

FINANCIAL AID

When students are unable to fully fund their education from personal resources, it is Columbia International University's policy to attempt to assist them in obtaining additional financing from federal, state, institutional, and private resources to the fullest extent possible. Students who wish to be considered for aid from these sources must meet general eligibility requirements as well as fund-specific criteria. Eligibility requirements and instructions for applying are outlined below. International students are not eligible for federal or state aid but may qualify for institutional aid. The following requirements are necessary to be eligible for financial assistance:

- Acceptance by the CIU Admissions office
- Completion of the FAFSA (annually) and the CIU Financial Aid Questionnaire.
- Enrollment as a degree-seeking student
- Institutional aid requires full-time enrollment.
- Federal student loans require minimum half-time enrollment (6 hours per semester undergraduate; 4.5 hours per semester graduate/seminary).
- Federal Pell Grant has no minimum enrollment requirement.
- For federal aid, a student must be a U.S. citizen or an eligible non-citizen and certify that funds will only be used for educational expenses.
- Recipients of federal student loans must certify that they are not in default on any federal student loan and do not owe a repayment on a federal student grant.

The two applications needed to determine a student's eligibility are the Free Application for Federal Student Aid (FAFSA) and the CIU Financial Aid Questionnaire. The FAFSA is available online at www.fafsa.ed.gov. CIU's federal school code is 003429. The CIU Financial Aid Questionnaire is available on [Financial Aid Online](#) (accessible through [MyCIU](#)).

Federal Financial Aid

Once students submit their FAFSAs, the Financial Aid office will send them an e-mail regarding the completion of their financial aid file. The student must respond immediately to any request for additional information or documentation. Failure to do so could cause the student to forfeit awards. Undergraduate students, if eligible, can receive federal grants, loans, and work-study. Graduate-level students, if eligible, can receive federal loans and work-study. Current information on federal aid is available online at www.ciu.edu/become-student/financial-aid, or by visiting the Financial Aid office.

Undergraduate Students

Federal Pell Grant provides need-based grants to qualifying undergraduate students. Award amounts vary depending on financial need and enrollment status.

Federal Supplemental Education Opportunity Grant (FSEOG) provides need-based grants to help the neediest undergraduate students finance the costs of postsecondary education. When making FSEOG awards, the institution must give priority to those students with "exceptional need" (those with the lowest Expected Family Contributions (EFCs) at the institution) and those who are also Federal Pell Grant recipients.

Undergraduate & Graduate-level Students

Federal Direct Loan Program

Direct Loans are low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education rather than a bank. Eligibility for Direct Subsidized and Unsubsidized Loans is based on the information reported on the FAFSA. No interest is accrued on subsidized loans while the student is enrolled in at least half-time school. Interest accrues on unsubsidized loans during all periods. Direct Subsidized Loan eligibility is determined by the student's financial need and number of college credits earned. Direct loans go into repayment following a one-time, six-month "grace period" after graduation or dropping below half-time enrollment.

Undergraduate loan limits **with** demonstrated financial need:

Classification (Credits Earned)	Subsidized	Unsubsidized	Total Loan	Additional Unsubsidized for Independent Student
Freshman (0-29)	\$3,500	\$2,000	\$5,500	\$4,000
Sophomore (30-62)	\$4,500	\$2,000	\$6,500	\$4,000
Junior (63-93)	\$5,500	\$2,000	\$7,500	\$5,000
Senior (94+)	\$5,500	\$2,000	\$7,500	\$5,000

Undergraduate loan limits **without** demonstrated financial need:

Classification (Credits Earned)	Unsubsidized	Additional Unsubsidized for Independent Student
Freshman (0-29)	\$5,500	\$4,000
Sophomore (30-62)	\$6,500	\$4,000
Junior (63-93)	\$7,500	\$5,000
Senior (94+)	\$7,500	\$5,000

Graduate-level students may qualify for the Federal Direct Unsubsidized Loan. The unsubsidized loan accrues interest while the student is enrolled, but repayment is deferred for a one-time, six-month “grace period” after graduation or dropping below half-time enrollment. The borrower can either pay the interest or allow the interest to be capitalized (added to the principal). Graduate-level students have an annual loan limit of \$20,500.

Federal Work Study

Federal Work Study (FWS) is a need-based program of financial aid providing students an opportunity to work part-time in an approved on-campus job or community service position. It provides an opportunity for students to earn money and obtain transferable skills while attending CIU. To be eligible for work-study, a student must be enrolled in a degree-seeking program and have documented need. “Need” is calculated based on the information submitted on the FAFSA. The Financial Aid office and the Office of Career Services oversee the FWS program. Students are encouraged to apply early.

Summer Students

Summer is considered a trailer term for the current academic year. Although CIU does not offer regular scholarships during Summer terms, students can be considered for federal loans if they are enrolled at least half-time in a degree-seeking program and have not already used their annual loan eligibility for the academic year. Students can also be eligible for Federal Pell Grant funds if full eligibility has not already been used in the academic year.

Satisfactory Academic Progress Policy for Federal Financial Aid

Satisfactory Academic Progress is defined as the process of adequately proceeding toward the completion of a degree.

The Financial Aid office is required by federal regulations to ensure that students who are receiving federal and state financial aid for their education are making measurable progress toward completion of a degree in a reasonable period of time. The complete policy is available at www.ciu.edu/become-student/financial-aid. For questions concerning the policy, please contact the Financial Aid office at 803.807.5036.

CIU Institutional Aid

Columbia International University awards institutional financial aid to full-time, degree-seeking students. All awards are subject to revision. The Financial Aid office works to determine the best overall financial aid package for each student. For more detailed information, please refer to the financial aid page at www.ciu.edu/become-student/financial-aid.

CIU Grants & Scholarships

CIU students must be enrolled full time in a degree-seeking program to be eligible for CIU scholarships and grants. They must maintain satisfactory academic progress and meet all CIU community standards. CIU scholarships and grants are only awarded during the Fall and Spring semesters. It is best to understand a grant as an entitlement that the student receives, possibly in conjunction with other grants. Scholarships are awarded on the basis of specific criteria. Students may receive only one of the following scholarships (below). Each scholarship and grant has a minimum GPA requirement. In order for a CIU student to retain eligibility for institutional aid, the student must meet the following criteria:

Scholarships & Grants	Undergraduate GPA	Graduate-Level GPA
R.C. McQuilkin Scholarship	3.0	(Undergraduate only)
Board Scholarship	3.0	(Undergraduate only)
Presidential Scholarship	2.5	3.0
Dean Scholarship	2.5	3.0
Servant Leader Scholarship	2.5	3.0
Achievement Scholarship	2.5	(Undergraduate only)
Donor Scholarship	2.5	3.0
All Other CIU Grants	2.0	Varies. Must maintain minimum GPA requirement for program of study.

CIU also awards endowed scholarships which have been established by and are funded through individuals, families, and institutions that are deeply committed to God's work around the world and to the role CIU plays in training laborers for that work. Student recipients of these scholarships are required to provide an appropriate "thank you" letter to the donor(s). A complete list of such scholarships can be found at the end of this section.

Students not meeting the criteria noted above will have their CIU scholarships and grants removed as applicable. When returning students are being reviewed for their financial aid packages for the upcoming academic year, those who fail to meet the GPA and character requirements will not be awarded CIU institutional aid. GPA requirements are not reviewed in the middle of the academic year; however, students on character probation can have their aid removed at any point in the academic year. The policy regarding institutional aid can be obtained in the Financial Aid office or online at www.ciu.edu/become-student/financial-aid.

Consortium Agreements

Institutional scholarships and grants may be awarded to students taking classes under formal consortium agreements as long as the student's degree major or minor requires study at that outside institution. The institutional aid is limited to one semester, except in the case where two semesters are required for the degree (i.e. the Middle Eastern Studies major requiring two semesters at Jerusalem University College).

Other study abroad programs that meet graduation requirements but are not mandatory for the degree the student is currently seeking may receive up to 50% of the student's institutional aid. This award is limited to one semester.

Student aid packages for those studying at other institutions will be reviewed and awarded on a case-by-case basis. Students must be in good standing and enrolled full time in courses applicable to their degree to be considered for institutional aid.

Education Benefits

Students receiving education benefits as a dependent or spouse of a full-time CIU employee are not eligible for additional institutional aid from CIU.

Partnerships

Any employee or dependent with our partner agencies is eligible for a 25% tuition reduction for any course, with the exception of doctoral-level courses. Students receiving a partnership discount are not eligible for additional institutional aid from CIU. The Financial Aid office evaluates each student to determine the best financial aid source (partnership discount or CIU institutional aid). To view a list of our eligible partner organizations, please visit www.ciu.edu/partnerships.

Spouse Tuition Benefits

CIU believes training both the wife and husband makes a stronger family and ministry team. Because of this commitment, CIU has created the following:

Courtesy Audit: The spouse of a CIU student may audit a course for which his/her spouse is currently registered at no charge on the basis of available space. The application to audit is available from the Office of the University Registrar.

Partners in Ministry Grant: This grant is available to the enrolled spouse of a full-time, degree-seeking student in any of the colleges of the university. It pays tuition for one class per semester and is awarded based on available funding. Students receiving this grant are not eligible for other CIU financial aid. Fees or other charges are the responsibility of the student. Contact the Financial Aid office for details regarding the application process and deadlines.

Other Information

Outside Scholarships

Thousands of scholarships are offered each year through private foundations and civic organizations. Students are encouraged to visit www.ciu.edu/become-student/financial-aid/other-resources for links to scholarship search websites.

Veteran's Benefits

Those who are eligible veterans are encouraged to pursue the possibility of Veteran's Educational Benefits. Visit www.benefits.va.gov/gibill/ for information and forms. Also visit Columbia International University's veteran's website at www.ciu.edu/become-student/financial-aid/veterans-benefits to learn how to apply your benefits as a CIU student.

Vocational Rehabilitation Benefits

Students who are overcoming physical and/or developmental obstacles may be eligible for Vocational Rehabilitation benefits through their state of residence. Students should contact their local Vocational Rehabilitation agency for more information.

International Students

International students do not complete the FAFSA. Instead, they should contact the Financial Aid office to obtain the necessary instructions related to the application process. International students seeking financial aid should be aware that they are required by the U.S. federal government to demonstrate they have the funds necessary to attend the university prior to arriving in the United States. The U.S. government has determined that, barring unforeseen circumstances, adequate funding should be available from the same or equally dependable sources for subsequent years of study (U.S. Federal code 22 CFR 41.61 (b) (ii)). Highest consideration in awarding CIU financial aid to international students will be given to those students who meet the following criteria:

- Have a proven record of ministry effectiveness, especially in leadership positions
- Explicitly affirm their intention to return home to engage in a specific ministry role for which theological education may provide a strategic advantage

- Receive endorsement and financial backing from their native church and/or coordinating mission agency
- Have strong references from CIU alumni, particularly those with whom they minister
- Demonstrate mission quality to the institution
- Demonstrate strong Christian character and spiritual maturity

Financial Aid Refund Policy

Policies have been established in accordance with federal regulations to ensure a fair and equitable refund of tuition for CIU students who are receiving financial aid and withdraw from the university either partially or completely during the course of an enrollment period (semester or eight-week session). In order to make CIU scholarships and grants available to as many eligible students as possible, all CIU scholarships and grants are forfeited when a recipient withdraws from CIU before the end of a term or drops below 12 hours of enrollment for undergraduate and below nine hours for graduate or seminary students. In such an event, CIU scholarship and grant recipients are responsible for complete repayment of funds. In addition, if a student took out loans and drops a class after the add/drop date, but within the refund period, any additional excess funds will be returned to the lender. Refund policies are subject to federal regulations and may change during the course of a school year. Contact the Financial Aid office for a complete copy of the current refund policy.

Student Rights Statement

Students attending schools that participate in federal student aid programs (Title IV programs) have the right to notify the State Postsecondary Review Entity (SPRE) of complaints regarding the institution's management of the Title IV programs, misleading or inappropriate advertising and promotion of the institution's educational programs, or other complaints about the institution. Students must first complete the institution's internal grievance process. The SPRE may be contacted at 803.737.2264 or at: The SC SPRE Complaint System, 1333 Main Street, Suite 200, Columbia, SC 29201.

STUDENT LIFE

Spiritual Life

“...but speaking the truth in love, we are to grow up in all aspects into Him, who is the Head, even Christ, from whom the whole body, being fitted and held together by that which every joint supplies, according to the proper working of each individual part, causes the growth of the body for the building up of itself in love” (Ephesians 4:15-16).

The goal of Student Life is for all members of the Columbia International University community to know God in an intimate way and to mature by the power of the Holy Spirit, becoming more Christ-like as we grow in our ability to support and encourage one another in this academic community.

With the Bible as our ultimate authority for what we teach and for how we should live, we promote a lifestyle that derives its core beliefs from the Bible. This rationale is outlined in biblical and ministry standards contained in regularly revised handbooks for students, staff, and faculty.

We do not assume that any of us have arrived at any ultimate level of maturity. Instead, we seek to grow and live in such a manner that reflects what we believe the Bible teaches regarding the virtues of holiness, honesty, integrity, and peace.

In terms of student learning objectives, the faculty and student life professionals seek to model, mentor, and motivate students as they develop their own views on family, community, personal disciplines, spiritual formation, and godly behavior.

Growth in Community

The primary responsibility for spiritual growth and personal development lies within the individual. We believe this growth takes place best within a community of believers committed to one another in love. Growth involves instructing, modeling, encouraging, and submitting to one another using common community standards.

Growth in community is fostered through personal involvement with other believers. Thus, we need to cultivate relationships in which we are free to disclose with increasing transparency our needs, weaknesses, fears, and failures. It also means we must accept the responsibility that comes with trust — humility, caring concern, and commitment to our friends' welfare and growth. This kind of mutual care is essential to personal growth. Beyond its personal benefit, it affords vital preparation for future ministry.

As members of a Christian community, we have a responsibility to each other and for each other. Loving one another is expressed in many ways. We love when we serve each other in humility, gentleness, and genuine concern. We love when we lift up those who are burdened, struggling, or falling short. How we fulfill our ministry to one another in love will depend upon our personal maturity, spiritual gifts, available resources, and the depth of relationships we establish.

We believe it is important for our educational program to involve the whole CIU community. Faculty, staff, and students grow through interaction with each other and with supervisors, family, and church friends as we all progress toward our common spiritual and personal goals. In addition to course-related experiences, CIU seeks to promote spiritual growth and personal development through chapels, prayer days, ministry skills experience, and informal fellowship on the campus and in our homes.

Student Rights and Responsibilities: An Outline of Expectations

Authority of the University

Although Columbia International University exists for students, the Board of Trustees, by charter and by-laws, is ultimately responsible for the educational programs and campus life. The president of the university reports to the Board of Trustees and is responsible for the organization and administration of the school.

Scriptural Commands and Clear Teaching

God desires to transform, illumine, and empower both faculty and students. He is the source of all authority and has power to transform His children into the image of Jesus Christ; He is the one who changes our lives.

Scripture teaches that certain attributes are available to individuals through the Holy Spirit. These attributes include “love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control” (Galatians 5:22-23). This “fruit of the Spirit” is to be sought, encouraged, and demonstrated in our relationships.

In contrast to encouraging these positive attributes of the heart, Scripture condemns attitudes such as greed, jealousy, pride, lust, and hatred. Although these attitudes are sometimes difficult to discern, they can hinder relationships with God and others and lead to unacceptable behavior. Certain behaviors are expressly prohibited in Scripture and therefore are to be avoided by members of the university community. These actions include theft, gambling, lying, dishonesty, gossip, slander, backbiting, profanity, vulgarity (including crude language), sexual promiscuity (including adultery, homosexual behavior, premarital sex, and pornography), drunkenness, immodest attire, and occult practice.

Scriptural Principles Contextually Applied at CIU

Within the context of our educational mission and cultural circumstances, certain responsibilities represent our attempt to apply clear scriptural principles at CIU. These responsibilities include, but are not limited to:

1. The responsibility to actively participate in the university's life of prayer and faith:
 - To observe Sunday as a special day of rest, worship, and service to the Lord. This includes involvement in a local church
 - To have a time of daily communion with the Lord in prayer and meditation on the Word with a focus on personal godliness, spiritual growth, right relationships with others, and God's direction for life
 - To attend chapel services for worship, inspiration, fellowship, spiritual growth, and the dissemination of community information
 - To attend Prayer Days each semester for corporate prayer
2. The responsibility to practice complete honesty in connection with coursework, interpersonal relationships, and daily activity in every setting:
 - To acknowledge the source of words, sentences, ideas, conclusions, examples, and/or organization of an assignment that are borrowed from a book, an article, another student's paper, tapes, etcetera
 - To use only legally authorized duplication and/or distribution sources for music and movies
3. The responsibility to uphold a level of behavior consistent with the university's model of training for Christian servanthood and leadership:
 - To take care of body, mind, and soul through proper nutrition, adequate sleep, regular exercise, and abstention from harmful practices such as the use of tobacco and illegal drugs
 - To maintain biblical principles of truth, honor, and purity with regard to visual and listening choices such as movies, music, internet, computer games, and blogging
 - To limit behaviors that may cause offense or moral failure, such as restricting expressions of physical affection to what is appropriate for the level of commitment of the relationship and refraining from drinking of alcoholic beverages

For further explanation of the implications of these responsibilities, please refer to the Student Handbook.

The University and the Law

In keeping with scriptural admonitions to bring ourselves under the authority of government, members of the university community are expected to uphold the laws of the local community, the state of South Carolina, and the nation. Any alleged violations of federal, state, or local laws may be referred to the appropriate law enforcement officials and/or to the appropriate university or judicial body.

University Practices

In addition to subscribing to biblical expectations, members of the university community intentionally commit themselves to following the university's institutional standards of behavior. This commitment reflects the conviction that these standards serve the good of the individual, the community, and the institution.

Student Academic Responsibilities

The faculty has the responsibility to educate students from a biblical worldview to impact the nations with the message of Christ. Students have the responsibility to embrace, inquire, and refine their knowledge, critical thinking processes, skills, and talents for service to God and others. Most importantly, we expect God to participate in the learning process. His role is to transform and illumine the minds of both students and teachers and to empower all for a life of godliness and service.

Academic responsibilities include, but are not limited to:

- The responsibility to share with the faculty in the maintenance of the integrity of scholarship, grades, and academic standards
- The responsibility to learn the content of a course of study according to standards of academic performance established by the university and the faculty member for each course taken
- The responsibility to promote by words, attitude, and actions a classroom atmosphere that is conducive to the teaching and learning process for all concerned and to respect the standards of conduct established by the university and each faculty member

- The responsibility for class attendance and to submit all class assignments (e.g. examinations, tests, projects, reports), by scheduled due dates or accept the penalties. If any problem arises regarding coursework or attendance the student will be responsible for initiating contact with the instructor.
- The responsibility for meeting degree requirements as provided in the university catalog
- The responsibility to register, add, and/or drop courses in a timely manner to ensure others will have an opportunity to take courses. The student is responsible to follow the university guidelines if he/she desires an incomplete or needs to withdraw from the university.
- The responsibility for the financial cost of attending the university

Campus Residency Requirements for Single Undergraduate Students

We believe the best possible way to experience the total life training CIU provides is through living on campus. By living in community with others, students have the opportunity to experience close Christian fellowship with the possibility of developing lifelong friendships. The chance to develop and improve a disciplined lifestyle is enhanced and there are greater opportunities for participating in social activities. We have thus established a campus residency requirement. Full-time undergraduate students who are single and under 23 years of age are required to live on campus. Students living with immediate family within commuting distance are required to live on campus for their first two semesters of attendance at CIU (this includes dependents of CIU employees). Seniors and those who are 22 years of age may appeal to live in our on-campus apartments.

Student Discipline

Student Life personnel address matters of student conduct requiring discipline with redemptive intent. Assessment takes into account the nature of the problem and the student's attitude, previous conduct, and length of enrollment at CIU. Students have opportunities to grow through counseling and/or logical or natural consequences. The ultimate goal is restoration of healthy relationships with God, other individuals, and the community. The Student Handbook lists some of these avenues.

Student Complaints and Grievance Policy

It is the goal of CIU to provide services and educational opportunities without discrimination on the basis of age, race, color, national origin, disability or sex. Should a student have a complaint, CIU provides two avenues for the student to address the complaint; a student may choose to appeal a decision or file a formal grievance. An appeal can be made when a student disagrees with a university decision. A grievance can be filed when a dispute has arisen regarding treatment toward a student by a university employee. The process aims to be constructive and positive in resolving differences.

Definition:

A student grievance is a perceived or actual cause for student complaint arising out of some perceived or actual harm due to an action taken by the university or a university employee. These grievances address a university-related problem or condition which a student believes to be unfair, inequitable, discriminatory, or a hindrance to the overall educational process. A grievance may also include discrimination on the basis of age, race, color, national origin, disability, or sex.

General Principles:

- Whenever possible and in a timely fashion, a student should voice a complaint informally with the university employee involved in the initial situation before filing a grievance.
- Anonymous complaints will not be formally addressed.
- There will be no adverse effect on, or retaliation against, either a student who, in good faith, submits an appeal/grievance, or against any person who, in good faith, provides information regarding an appeal/grievance.
- Written appeals or grievances will receive written responses within five business days and will be kept on file in the appropriate office.

Grievance Distinctions:

Academic Matters: If a student wishes to appeal a decision, or has a grievance about a course or faculty member, it should be addressed in accordance with the Academic Grievance Policy. This policy is published within the academic catalog. Academic matters are items that pertain to a student's interaction with the faculty, academic requirements, graduation requirements, the interpretation of program, or course requirements, together with policies and processes that support these matters. *Please note: There are specific policies addressing the appeal of a course grade and plagiarism.*

If a student wishes to appeal a decision regarding a non-academic policy or wishes to file a grievance regarding a non-academic matter, it should be addressed according to the Non-Academic Grievance Procedure.

Non-Academic Grievance Procedure or Appeal Process:

If there is a non-academic issue at hand, it must first be determined whether it is an appeal or a grievance. *If the matter is a perceived incident of discrimination on the basis of sex, please refer to the Title IX statement at the end of the grievance policy.

An appeal should be submitted when there is a disagreement with a decision made by the University or a university employee. Appeals should be made, in writing, to the person/department rendering the decision with which there is disagreement. A response will come within five business days. If the response is not satisfactory, then an appeal may be made to the supervisor of the person/department responding to the initial appeal. This appeal should be made within

three days of the previous decision. The response from the supervisor will come within five business days and is final and binding on all parties. This appeal procedure does not apply to academic decisions (see Academic Matters above).

A grievance should be submitted when a student believes he/she has been mistreated by a CIU faculty or staff member. The grievance process is described as follows:

Step 1: After submitting a written grievance, the student should formally discuss the matter with the individual or office involved. If a student believes Step 1 is especially daunting or inappropriate given the situation, he or she may proceed to Step 2. This procedure should not be followed in the case of a disciplinary appeal. Please refer to the disciplinary appeal process stated in the student handbook.

After a discussion with the individual or office involved, if the student feels the situation has not been resolved satisfactorily, Step 2 of this process may be taken:

Step 2: Once a student has addressed the individual or office involved, the student may direct a letter explaining the grievance to the supervisor of the person or office involved. If unknown, Student Life should be contacted for the name of the appropriate person to address. The student should submit the letter in writing within three days of receiving information identifying the contact person.

After submitting a letter, the student may request a meeting to present a verbal statement, bring witnesses and evidence, and to answer questions. In addition, the student may request a neutral observer (only) who is a current CIU student to join him/her at this meeting. Neither the student nor the observer will be allowed to be present during the decision process. Following the discussion and decision, the appropriate university representative will provide a written response to the student outlining the decision within five business days.

Step 3: If this response does not resolve the issue, the grievance may continue through the following process in order:

- | | | |
|-------------------------|--------------|-------------------------|
| 1. Dean of Student Life | 803.807.5234 | Student Center |
| 2. Provost | 803.807.5027 | Administration Building |

In each instance the student with the grievance should contact the next office within three business days of notification from the previous office. The CIU official will reply back within five business days of notification from the student filing the grievance.

Title IX of the Education Amendments of 1972 is a Federal civil rights law that prohibits discrimination on the basis of sex in education programs and activities. Under Title IX, discrimination on the basis of sex can include sexual harassment or sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. According to Title IX, the perceived perpetrator may be any member of the CIU community, current student or employee, male or female. If a student, male or female, believes that he/she has been a victim of discrimination on the basis of sex, it should be immediately reported to the Dean of Student Life.

For Georgia residents not attending the Columbia, SC, campus, should the student so elect, he or she may contact the State of Georgia — Nonpublic Postsecondary Education Commission — after all other procedures outlined above have been exhausted: State of Georgia, Nonpublic Postsecondary Education Commission, 2082 East Exchange Place, Suite 220, Tucker, GA 30084, www.gnpec.org, 770.414.3300.

Student Services

Academic Success Center

The mission of the Academic Success Center (ASC) is to provide assistance to all CIU students as they pursue their academic goals. Tutors are available to guide students with academic planning, time management, study skills, test preparation, writing, and course assignments. In addition, the ASC administers the College-Level Examination Program (CLEP) in our testing center.

The ASC also provides accommodations for students with physical, emotional, and learning disabilities. CIU is committed to ensuring equal educational opportunities for all students. In compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act, CIU provides reasonable accommodations for students with currently documented disabilities. Requests for accommodations may be made throughout the semester, and ideally they would be initiated as early as possible in order to ensure the quality and availability of services needed. Questions regarding requirements for qualifying documentation and disability accommodations may be directed to the ASC at academicsuccess@ciu.edu or 803-807-5611.

Athletics/Physical Fitness

Since we seek to train and develop the whole person, physical fitness is a key aspect of the overall program. Students are encouraged to develop healthy habits in the areas of sleep, diet, and exercise. Facilities, equipment, organized intramural team sports, and fitness and nutritional information are available to assist students in achieving and maintaining a viable fitness program. The university is developing an intercollegiate athletic program and is a member of the National Christian College Athletic Association. Current intercollegiate sports include men's and women's basketball, soccer, golf, track, and cross country.

Career Services

The Career Services office provides a range of services to assist students with their career and employment needs. The office maintains a password-protected job database with current listings for on and off-campus jobs. Numerous campus jobs are available in various departments, some requiring little or no experience. Part-time and full-time off-campus positions are available in churches, educational institutions, mission agencies, para-church organizations, and the marketplace locally, nationally, and internationally. Through personalized assistance, students receive guidance in conducting a job search, self-assessment, résumé, cover letter writing, and interviewing. In addition to the services listed above, career counseling occurs in a variety of settings and activities on campus, particularly through academic advising, program-specific courses, ministry skills/internships, and chapels. Representatives and recruiters from Christian organizations are on campus recruiting personnel throughout the school year.

Counseling and Discipleship Ministries

Many CIU students grow through discussing life issues with Student Life personnel and other faculty. Non-clinical counseling encourages students in their relationships with God and others, in biblical self-image, and in handling the challenges of life, community, and ministry. Referrals to on-campus licensed professionals or other licensed therapists in the Columbia area are available upon request.

Food Services

Food service at CIU is provided through a contract with Pioneer College Caterers, Incorporated. Pioneer offers on-campus students a choice of six meal-plan options. Various plans are available during Summer studies sessions. Off-campus students and guests may purchase meals during regular academic terms.

Health Services

An on-campus clinic staffed by a registered nurse and a visiting physician is provided for the health care needs of CIU students. Students are responsible for the cost of medicines, physician's fees, testing procedures and hospital charges. A group insurance plan is available for students and families.

Housing

All single undergraduate students under the age of 23 are required to live on campus in the residence halls their first year. Air-conditioned rooms are furnished with beds, desks, chairs, dressers, sinks, small refrigerators, and microwaves. Community bathrooms are located on each hall, and free laundry facilities are located on both sides of campus. Each residence hall is equipped with WiFi and satellite TV. Those under 23 years of age who do not live with their families are required to live on campus subsequent years. Seniors and those who are 22 years of age can petition to live in Pine View Apartments on campus.

Pine View apartments offer on-campus housing for CIU students, alumni, faculty, and staff. Efficiency, one, two, and three bedroom units are available. Each bedroom has its own bathroom and walk-in closet. All apartments come with kitchen appliances as well as a washer and dryer, available cable TV, and high-speed internet. For more information, visit www.ciu4me.com/pineview.

There is a wide range of off-campus housing possibilities. The Student Life Office maintains a database of available housing on our website at www.ciu.edu/studentlife/off-campus/list.php.

International Students

CIU strives to provide a hospitable environment for its many international students. Many faculty members have significant overseas ministry experience.

A special international student handbook is published each year to introduce international students to the life of the school and the community. The school's emphasis on cross-cultural ministry and biblical studies provides an atmosphere in which international students are encouraged to relate biblical truth to their cultures and in which North American students are encouraged to appreciate other cultures and consider how the Scriptures may be lived out and communicated in those cultures.

Many international students and families live in the Columbia area, most attending the University of South Carolina. This large international community and the many churches in the area provide a variety of learning and ministry experiences. The Student Life Office informs, encourages and helps international students and their families with non-academic concerns, including transition issues and immigration policy and paperwork.

Koinonia Food Co-op

Student families operate an on-campus food co-op, providing quality Harvest Hope Food Bank goods and products at no cost and other household items at a reduced cost to off-campus students, faculty, staff, and alumni. There is a fee to join the co-op.

Married Student Services

The Married Student Association coordinates events designed to include the whole family. Wives Fellowship meets monthly to encourage and equip student, staff and faculty wives. Student spouses and families are also encouraged to be involved in other activities of the student body. Spouses are encouraged to enroll in an academic program or individual courses. (See "Spouse Tuition Benefits" in the Financial Aid section of this catalog.)

New Student Orientation

Connect:CIU assists both new students and parents of undergraduates in their preparation for college life at CIU. The orientation program provides a comprehensive introduction to the CIU community and CIU's educational philosophy. While being informative, Connect:CIU is also an opportunity for fun and fellowship.

All entering undergraduate students are required to attend Connect:CIU. Entering graduate and seminary students are encouraged to attend. Orientation information is mailed to all accepted students. Students who are unable to attend must notify the Student Life Office prior to the August or January orientation.

Post Office

CIU operates a full-service post office for faculty, staff, and students with regular afternoon hours throughout the academic year. Students are assigned a personal post office box for receiving mail. The Post Office sells stamps, postcards, and air forms and receives and forwards letters and packages for the U.S. Postal Service. USPS, FEDEX, and DHL are also available for deliveries and mailings.

Student Organizations

Student Organizations help foster the mission of CIU among the student body. The various student leaders represent student concerns and needs to the administration and organize a variety of student events. Some organizations serve the entire student body, while others are specific to undergraduate or graduate students.

ACADEMIC POLICY

Academic Catalog

A student's program is governed by the catalog under which the student was admitted. Should a student break matriculation for two consecutive regular terms (or two consecutive Summer sessions for M.Ed. students), the catalog in effect at the time of readmission to Columbia International University must be used to satisfy the requirements for the degree. Students may request a degree change by submitting a Degree Change Application form.

Academic Credit

An academic unit of credit at CIU is based on the following criteria: 1) a defined academic plan for the student or course that is outlined in a written syllabus including learning resources and activities, learning outcomes or competencies, and the means to assess these outcomes, 2) instruction and learning activities in which a credit unit (semester hour) includes at least 45 class hours of such instruction and activities (a class hour is the equivalent of 50 minutes of study either inside or outside the classroom), 3) provision and supervision of the course by a qualified and CIU-approved instructor, 4) submission of a grade to the Office of the University Registrar by the faculty member to verify learning outcomes and the completion of studies, and 5) regular review of every course, regardless of delivery mode, by the faculty in periodic program reviews.

Academic Dean's List

Any full-time undergraduate student (12 credits or more) who completes a semester of study with a minimum of a 3.5 GPA during a semester will be identified and honored as a student on the Academic Dean's List. Any undergraduate student who completes a degree program maintaining a cumulative GPA of 3.5 or above and has completed a minimum of 48 credit hours in residence will qualify for graduating with scholastic honors.

Academic Load

At the undergraduate level, students registered for at least 12 credits within a term are considered full time; those registered for 8 to 11 credits are considered three-quarters time; and those registered for 6-7 credits are considered half time. At the graduate level, students registered for at least 9 semester hours within a term are considered full time; those registered for 6 hours are considered three-quarters time; and those registered for 4.5 hours are considered half time. Full-time student status in the Doctor of Ministry and Doctor of Education programs is defined as 3 semester credit hours within any of the three terms: Fall, Spring, and Summer.

Academic Petitions

Students seeking exceptions to program requirements or academic policies may submit an academic petition. Students must petition any changes to the curriculum as outlined in this catalog at least one semester prior to graduation. Graduate-level students seeking to transfer credit from another institution after matriculation must seek prior permission through an academic petition. Courses taken without prior approval through petition may, in some cases, not be applicable as transfer credit to the student's CIU program. For details regarding academic petitions contact the Office of the University Registrar.

Advising

Each student is assigned a faculty advisor according to the student's program. Academic advising is intended to foster developmental relationships between faculty members and individual students as a context for helping students progress toward the academic, spiritual, and vocational goals of their program. Undergraduate students meet with their academic advisors during two to three chapel periods each semester, during pre-registration periods, and when counsel is desired. The advisor approves the courses the student selects and keeps a record of the student's progress. Students are encouraged to contact their academic advisors whenever they desire academic or spiritual advice.

Attendance

Students are expected to attend all class sessions for all registered courses. Student attendance in online courses will be defined as active participation in the course as described in the course syllabus. Professors will provide their specific attendance policies, including penalties for absences, within their course syllabi. Students will receive a failing grade for any course in which they have missed more than 25 percent of the class sessions in any case. If a student is a military veteran and receiving government benefits, he or she is responsible for following the attendance regulations established by the Veterans Administration.

Failure to attend a course or complete online course activities does not constitute withdrawal from the course. (See "Withdrawal" below.) Initial attendance in all registered courses must be confirmed prior to the release of financial aid. Initial attendance in an online course is established based on the completion of any course activity (e.g. forum post, submission of assignment, or appropriate communication with instructor). In the event that federal funds must be returned,

last date of attendance will be established based on a student's last access of the course website, last assignment submitted, or last contact with the instructor.

Additional Note for 8 Week Online Courses: Failure to attend an online course during the drop/add period will result in automatic drop from the course. Initial attendance in an online course is established based on the completion of any course activity (e.g. forum post, submission of assignment, or appropriate communication with instructor).

Auditing

An auditor is one who registers to attend a class, but not for academic credit. Permission to audit is at the discretion of the instructor; no more than 25 percent of students registered for any course may be auditors. An auditor Auditors are observers in the classroom and are not expected to participate in class discussions or submit work except as authorized by the instructor. Online courses are not available for audit. No course may be added for audit and dropped for credit, or vice versa, after the drop/add period.

Auditors must register as an auditor (form available from the [Office of the University Registrar](#)) and pay the audit fee ([Tuition and Fees](#)). Please note that additional course fees may apply. Audited courses are entered on the student's transcript with the symbol "AU." Auditors also receive access to the course website associated with an audited course.

Courtesy auditors must register as an auditor (form available from the [Office of the University Registrar](#)), but are not required to pay the auditing fee. Please note that additional course fees may apply. Courtesy audit status is available only to CIU graduates, CIU employees or employee dependents, the spouse of a student currently registered for the same course, or a student who has taken the course formerly. No more than one courtesy audit is permitted in a single semester. Courtesy-audited courses do not appear on the student's transcript.

Classification of Students

The undergraduate student body is divided for class organization on the basis of academic classification:

Freshman: a high school graduate or one who presents satisfactory scores on equivalency examinations

Sophomore: a student who has completed 30 to 62 semester hours

Junior: a student who has completed 63 to 94 semester hours

Senior: a student who has completed at least 95 semester hours

Commencement Participation

All requirements for graduation must be met before the student may participate in the commencement exercises (possible exceptions listed below). Attendance at commencement is expected of all resident students who have applied for a degree to be conferred at the end of the Spring or Fall term. Since commencement is held only twice per year, August graduating students may appeal to participate in May commencement if a student has no more than nine credits outstanding at the time of a commencement ceremony and can demonstrate how those credits can be completed before the next awarding of degrees. Under no circumstances may a doctoral student participate in a commencement ceremony prior to completing all degree requirements.

See "Graduation" for additional information.

Competency/Proficiency Examinations

Competency examinations at the undergraduate level correspond to proficiency examinations at the graduate level.

Undergraduate-level: A student, when authorized by the student's advisor, the instructor of record, and the dean, may prove competency in the knowledge and/or skills of designated courses within the curriculum, similar to the structure established for CLEP or DSST. If the student passes the instructor's comprehensive "competency" exam with a minimum of a 2.0 ("C") grade or above, the student may either accept the credit for the course based on established proficiency or have the course waived so that a more advanced course or a Faculty Directed Study may be substituted within the program. For a list of qualified courses students should contact their academic dean's office. Students will pay a testing fee whether or not they are granted credit. All examination scores and documentation must be submitted to the Office of the University Registrar before credit can be granted. No credit can be earned through a competency examination if the student has started a designated course and/or finished and failed said course at CIU. No more than 12 semester hours of Competency Exam credit can be used in an undergraduate degree program (see "Standardized Testing" for information regarding CLEP and DANTES exams).

Graduate-level:

CoC, CoE, and CICS: Competency/proficiency exams are not accepted.

SSM: Although the SSM does not accept transfer credit from unaccredited institutions without special approval, a student may request advanced standing with credit through a proficiency examination for courses completed at an unaccredited

institution. Advanced standing may be awarded either with or without credit. Advanced standing without credit entitles the student to replace a curricular requirement in a field previously studied at an unaccredited school with an advanced course at CIU's SSM in the same field. Advanced standing with credit satisfies the graduation requirement for which advanced standing is awarded and is awarded only on the basis of a written or oral examination administered at CIU's SSM. Advanced standing with credit may not be applied toward graduation requirements in the Program 2 M.A. (Theological Studies) degree.

Advanced Standing is available under the following conditions:

- With the exception of internship courses, advanced standing with credit may be granted for any course offered at CIU's SSM appropriate to the student's degree program, including free electives.
- Application for advanced standing must be made within one year of matriculation into CIU's SSM.
- No more than $\frac{1}{4}$ of the requirements of any degree program may be credited through advanced standing.
- An approved Proficiency Exam Authorization form must be submitted to the Office of the University Registrar with evidence that the student has paid the non-refundable examination fee.
- Competency must be demonstrated by scoring at least 77 percent on a one-time-only written and/or oral assessment to be administered by the professor of record of the given course, with final approval granted by the dean.
- Students may not receive advanced standing credit for courses they have audited at CIU's SSM.

Diplomas

Graduates are issued a diploma bearing the corporate name, Columbia International University. Diplomas, certificates, and final transcripts will not be issued if the student has any remaining financial obligations to CIU. Graduates, upon request, may receive a Columbia International University replacement diploma, dated with the original graduation date and containing a marginal subscript indicating "Replacement Diploma: [date of issue]." (A diploma with the new school name is also available for pre-1994 graduates.) There is a fee for a replacement diploma.

Dismissal

See "Academic Probation" in the Student Life section and Plagiarism in this section of this catalog.

Degree Changes

Students desiring to add a degree(s) or change concentrations within a degree must request approval through a Record Change form, which is available at <https://online.ciu.edu/ICS/Registrar/Forms.jnz>.

Dual Graduate-level Degrees

Students may apply a maximum of 50 percent of one graduate degree to another graduate degree at CIU as long as requirements for both degrees are met. The required number of credits for completing both degrees may be less than if the two degrees were completed separately; however, students must satisfy all requirements for both degrees, including program admission and completion requirements. Students may pursue multiple degrees sequentially or simultaneously.

Enrollment in Courses Outside of Undergraduate Division

Graduate-level courses numbered 5000-6999 are open to undergraduate upperclassmen for undergraduate degree requirements. Junior or senior undergraduate students may enroll for up to 15 semester hours of graduate credit. See "RAMP" in this section of the catalog for more information.

Juniors: A student classified as a junior having a minimum cumulative GPA of 3.0 may register for graduate-level courses numbered 5000-5999.

Seniors: A student classified as a senior may register for graduate-level courses numbered 5000-5999. A student classified as a senior having a minimum cumulative GPA of 3.0 may also register for graduate-level courses numbered 6000-6999.

Extracurricular Activities

Any student desiring to participate in a university-sponsored extracurricular activity (e.g. sports, music group, performing arts) or representing the university must be a student in good standing. Good standing means that the student meets 1) minimum GPA requirements, 2) is not on any form of character probation, 3) has status as a full-time student, and 4) if admitted provisionally, has successfully demonstrated academic success for one semester at CIU with the minimum GPA requirement.

Faculty-directed Study

A Faculty-directed Study (FDS) provides the student an opportunity to pursue topics of in-depth research beyond the stated curriculum under the direction of a faculty member.

Undergraduate-level: Juniors and seniors with a minimum GPA of 3.0 are eligible to request an FDS. Students wishing to register for an FDS must obtain an FDS request form from their academic dean's office and discuss the proposed study with their advisor and the faculty member who would direct the study. A maximum of 12 semester hours of an undergraduate student's program may be taken by FDS.

Graduate-level: Students must discuss the proposed research with their academic dean before approaching a possible instructor. Students may not elect to take a regularly scheduled course through FDS unless the course has been changed and has created the need for program completion through this alternative.

Grading Policies

Grade Point Average Computation:

1. Formula: The Grade Point Average (GPA) is calculated by the accepted formula of quality points earned divided by credit hours attempted. CIU has adopted a 4.0 grading system for the computation of quality points.
2. Inclusion in Cumulative GPA: The cumulative GPA is calculated only on the basis of courses taken at Columbia International University (including courses taken through the Korntal, Kirkland, and Atlanta branch campuses) and institutions with which the university has a joint course registration agreement.
3. Transfer Credit Exclusion: Transfer credits may be applied toward the degree program when the grade is "C" or above, but accepted credits are not computed into the GPA.
4. Grade Replacements: Courses in which a grade lower than "C-" is earned may be retaken. Courses in which a grade of "C" or above is earned may be retaken only by permission of the course instructor, the student's faculty advisor, and the dean of the respective college. In both cases, the new grade replaces the former grade in the calculation of the cumulative GPA, regardless of whether it is better or worse than the grade earned in the first attempt; however, the record of the previous grade remains on the student's transcript. (Contact the Financial Aid office for aid eligibility for replacement courses.) A repeated course counts only once toward degree requirements; students may not receive double credit for a course. A course may be repeated for credit only twice.

Grading Scale:

Grade	Quality Point per Credit Hour	The following grades are not calculated in the GPA:	
A	4.0	AU	Audit
A-	3.7	I	Incomplete
B+	3.3	WIP	Work In Progress
B	3.0	P	Passed
B-	2.7	S	Satisfactory
C+	2.3	U	Unsatisfactory
C	2.0	W	Withdrawal
C-	1.7	WA	Withdrawal Audit
D+	1.3	WU	Withdrawal Unsatisfactory
D	1.0		
D-	0.7		
F	0.0		
WF	0.0		

Grade Appeal: Grade determination is the prerogative of the instructor and students should be aware that grading is subject to the professional judgment of each instructor. A student may only appeal his or her final grade in a course, not individual assignment grades, and only for one or more of the following reasons:

1. The criteria for evaluating academic performance as stated in the course syllabus were not actually applied in determining the grade,
2. The grade was influenced by criteria other than those stated in the course syllabus, or
3. The instructor applied the criteria in a grossly unfair manner.

A student who is considering a grade appeal must first discuss the course grade with the instructor. If the instructor decides not to change the grade, the student may submit a written appeal to the appropriate dean, typically the dean of the school in which the course was offered. The burden of proof rests on the student and the appeal must include a clear and coherent statement of the reason for the appeal, including which of the three reasons stated above is the basis for it. The appeal should also include any supporting documents. The initial written appeal must be submitted no later than 60 days after official grades have been posted.

After receiving the appeal, the dean will forward it to the instructor for a written response. The dean will also form a Grade Appeal Committee consisting of the dean, as chair, the Registrar, and at least two faculty members.

The Committee will meet and may request oral clarification from either the instructor or the student at that time. The Committee has the following options for action:

1. It may affirm the appeal and settle it by consent: i.e., the Committee may devise a mutually acceptable resolution to the appeal.
2. It may affirm the appeal and submit a change of grade form itself. In determining the student's final grade, the Committee will take into account all evidence of the student's academic performance in the course as well as the implications for the student's grade of the instructor's actions.
3. It may deny the appeal, in which case the original grade stands.

The entire process from the time of the initial written appeal should not be more than one month.

Students wishing to appeal the decision of the Grade Appeal Committee may do so by submitting a written request for review of the case to the Provost within 5 business days of being notified of the Committee's decision. The Provost will review all materials relating to the appeal, but the student may not provide new or additional material at this time. The Provost will then render a decision, which is final and binding on all parties.

Incompletes: Under unforeseen circumstances beyond their control (e.g. medical emergency, bereavement, or military deployment.), students may request that a professor assign a temporary grade of "I" (Incomplete) that allows a student a maximum of thirty (30) calendar days beyond the end of a semester to complete the remaining work for the course.

- A request for an incomplete may be made during the final thirty (30) days of a semester, but no later than the final week of the semester.
- A request for an incomplete will be considered only if a student has less than 50% of the course requirements outstanding.
- A request for an incomplete must be accompanied by written request from the student with accompanying documentation (e.g. a medical note).
- A request for an incomplete may not involve additional work beyond the assignments listed in the syllabus.

When faculty members assign an incomplete, they must document that action on the form provided by the Office of the University Registrar, receive approval from the dean of the college in which the course resides, and submit the form by the grading deadline. The default grade when requesting an Incomplete is "F." An incomplete does not carry quality points and is not calculated in the GPA. A student need not be enrolled in order to remove a grade of incomplete. No student may graduate with an "I" on record. Internships and practica may qualify for extensions beyond the 30 day limit, but may not under an circumstances extend beyond one calendar year.

Graduation

Because of the whole life training character of CIU and its basic objective, "To know Him and to make Him known," earning a degree at CIU involves more than merely meeting academic requirements. Students must reflect adequate achievement of CIU objectives (including non-academic areas such as personal morality, positive interpersonal and family relationships, and local church involvement). Although non-academic objectives cannot be measured with complete objectivity, we believe valid and useful assessment is possible and necessary. All programs provide significant training for vocational Christian service. Criteria for granting a degree are designed to reflect the student's character and competency in both general and professional areas. To qualify for a degree doctrinally students must demonstrate an accurate understanding of basic biblical doctrines and be in agreement with the institution's doctrinal statement (with the exception of section 8). Students must also demonstrate an accurate understanding of the doctrine of the inerrancy of the Scriptures and affirm belief in that doctrine. Students will not be accepted as candidates for a degree who affirm error in Scripture or who believe in the ultimate salvation of all people.

Applying for a Degree: CIU has three graduation dates per year on which diplomas and certificates are issued: one at the end of the Summer term (in August), one at the end of Fall semester (in December), and one at the end of Spring semester (in May). Students planning to receive a degree or certificate at any of these graduations are required to submit to the Office of the University Registrar a completed application for graduation and pay a non-refundable graduation fee by the deadline specified. If a student fails to complete all requirements by the date set, the degree or certificate will not be issued. A new application to graduate must be filed and another graduation fee must be paid by the deadline for the new term of expected graduation.

Undergraduate-level:

Scholastic Honors: Students graduating from undergraduate four-year programs will receive diplomas with scholastic honors according to the following:

- Summa cum laude (highest honor) for a GPA of 3.85 or above
- Magna cum laude (high honor) for a GPA from 3.71 to 3.84
- Cum laude (with honor) for a GPA from 3.5 to 3.7

Transfer students must have completed at least 48 semester hours at CIU to be eligible for scholastic honors. Grades from a student's last semester in the student's degree program are not included in the determination of scholastic honors.

Delta Epsilon Chi Honor Society: The undergraduate faculty has established a chapter of Delta Epsilon Chi, the Honor Society of the Association for Biblical Higher Education (ABHE). No more than seven percent of the graduating class for any given year may be nominated to this group by the faculty. ABHE minimum criteria for nomination by the faculty include a cumulative GPA of 3.3 or above, positive demonstration of Christian character, and clear exhibition of leadership ability following a biblical model.

Grievance Procedures (Academic)

See the “Academic Grievance Procedure” located in the Student Life section of this catalog.

Internships

The purpose of internships is to provide supervised experience in ministry in line with the student’s vocational objectives (see specific programs for internship details). Such an experience allows the student to engage in professional activities while receiving feedback and supervision from an experienced mentor. All internships have as their principle component – the practice of ministry. Internships promote personal growth as the intern integrates the academic and the experiential with the student as an individual. Internships are planned around specific objectives. Supervision of students before, during, and after the internship is common to all internships, along with evaluation from a variety of sources. CIU personnel work along with field personnel to ensure that students receive maximum benefit from their internships.

Ministry Skills Development (Undergraduate Program)

Christian Service Learning (CSL): All undergraduate students are required to register for CSL for three semesters during their freshman and sophomore years. To this end, the focus of the first two years of a student’s bachelor degree program emphasizes biblical studies, general education courses, and CSL opportunities. The goal in these three semesters of CSL is to encourage students to build service-oriented relationships within the local church, and at least 80 clock hours of Christian service is required.

Associate and bachelor degrees require two Ministry Skills Development courses, MSD 1120 Evangelism and Discipleship, and MSD 2230 Communicating God’s Word. All required MSD courses and field experiences are graded following normal academic structures with a balanced emphasis on knowledge, dispositions, and competencies. MSD credits are calculated into a student’s GPA. A student must be able to demonstrate proficiency in the knowledge, dispositions, and competencies to gain a waiver for specific requirements.

Practical Skill Development: All undergraduate students during their third and fourth years are required to complete at least three units of practical skill development. Each program will determine the requirements within the professional programs and students should consult with their academic advisors to plan appropriate practical skill development requirements within a professional major or minor. At least 50 clock hours of practical skill development are required for each unit of credit. Programs may require students to complete multiple credit practicum and internship experiences built upon prerequisite character, knowledge, and skill requirements as determined and approved by their advisors and/or program directors. Professional programs may waive field experience requirements, provided the student demonstrates proficiency of the necessary knowledge, dispositions, and competencies within a practical skill development program.

Plagiarism

CIU expects students to be honorable in all their academic work. Students are to create and be responsible for their own work. Dishonesty in assignments, examinations, written papers, or other academic work is contrary to scriptural principles of Christian living and is an affront to fellow students and the faculty. Plagiarism occurs when students present another person’s ideas or words as their own or when students intentionally or unintentionally fail to cite the source of their ideas.

The following are specific examples of plagiarism:

1. The words, sentences, ideas, conclusions, examples, and/or organization of an assignment are borrowed from a source (e.g. a book, an article, another student’s paper) without acknowledging the source.
2. A student submits work done by another student, in part or in whole, in place of original work.
3. A student submits assignments received from the internet, from commercial firms, or from any other person or group.
4. A student knowingly aids another student in plagiarizing an assignment as defined above.

Plagiarism will result in academic penalty and may result in failure of the assignment, failure in the course, and further disciplinary action. When appropriate, the student’s chaplain will be informed. (*Adapted with permission from the Crown College Handbook and the Student’s Guide to Public Communication for the University of South Carolina by William M. Strickland*)

Privacy Rights and Records

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, with which CIU fully complies, protects the privacy of educational records, establishes the rights of students to inspect these records, and provides guidelines for the

correction of inaccurate or misleading data through informal hearings. Student records include financial accounts and financial aid records, practicum and internship assignments and evaluations, grades, Veteran Affairs, and Student Life files. Students have the right to file complaints concerning alleged institutional failure to comply with this Act. Copies of the institutional compliance policy are available in the Office of the University Registrar. CIU designates the following categories of student records as public "Directory Information" and may use its discretion in disclosing these data:

- Name, address, e-mail address, telephone number, dates of attendance, classification, photographs
- Previous institution(s) attended, major field(s) of study, awards, honors, degree(s) conferred (including dates)
- Past and present participation in officially recognized sports and activities, physical factors (height and weight of athletes), date and place of birth

Forms requesting the withholding of directory information may be obtained from the Office of the University Registrar. Unless this form is filed, approval for disclosure of directory information is assumed. Click [here](#) for more information.

Probation (Academic)

Undergraduate-level: Students are placed on academic probation at the end of any semester in which they earn a GPA below 2.0 during that semester. A student on academic probation may be required to 1) carry a reduced course load, 2) reduce or eliminate employment, 3) reduce extracurricular activities, and/or 4) carry out other measures recommended by the student's academic advisor or administration to help the student improve scholastic standing, which may include referral to the Academic Success Center for tutoring and/or testing. In many instances, students on academic probation will require additional semesters to complete their studies. Academic probation is removed when a student accumulates a cumulative GPA of 2.0 or above.

Students on academic probation will be notified and placed on watch immediately after the semester in which the GPA fails to meet the institutional standard. After two consecutive semesters on probation the student will receive a written warning from the academic dean indicating that failure to demonstrate substantive change in status will result in academic dismissal. Substantive change means immediate improvement above a 2.0 GPA for the next semester and continued efforts to retake failed courses in order to remove probation status. At the end of any three consecutive semesters, students who have not removed themselves from academic probation and/or demonstrated substantive change in their current semester will be dismissed from the college.

Graduate-level: Students on academic probation may be required to carry a reduced course load, to reduce or eliminate employment, to reduce extracurricular activities, or to carry out other measures recommended by the academic advisor or administration to help them improve their scholastic standing. In many instances, students on academic probation will require additional semesters to complete their studies. Academic probation is removed when students accumulate a satisfactory GPA.

CoC: Students are placed on academic probation at the end of any semester in which they earn a GPA below 3.0 in the M.A. in Counseling.

CoE: Students are placed on academic probation at the end of any semester in which they earn a GPA below a 3.2 in the Education Specialist or Doctor of Education, below 3.0 in the M.A. in Teaching, and below 2.7 for all other College of Education programs.

C/CS: Students are placed on academic probation at the end of any semester in which they earn a GPA below 2.5.

SSM: Students are placed on academic probation at the end of any semester in which they earn a GPA below 2.5 during that semester. During the following semester the student is allowed to register for no more than 9.0 semester hours. (At his/her discretion, the dean may limit enrollment to fewer than 9.0 hours.) If the student's cumulative GPA by the end of the subsequent semester does not improve so graduation is assured, enrollment normally is terminated. Students must reapply through the Admissions office and must provide evidence to the dean that they can expect to be academically successful.

Any student dismissed because of academic probation who desires to resume studies must complete the full application process through the Admissions office and receive approval by the Admission Review Committee.

RAMP (Rapid Advancement for Ministry/Missions/Marketplace Placement)

Undergraduate students may receive a "faculty degree requirement waiver" authorized by the appropriate academic dean of up to six semester hours of elective credits within an undergraduate major or minor to work toward a graduate degree at CIU. Under no circumstances may credit for a single course be counted toward degree programs at both the undergraduate and graduate level. The student must:

- a) Complete all graduate-level admissions requirements to enter into a graduate-level program at CIU (except completion of a bachelor's degree).
- b) Enter a graduate program at CIU the semester immediately following undergraduate degree conferral.

- c) Receive formal approval from the graduate-level program director in which the student intends to pursue graduate studies (RAMP) and submit and receive approval of a signed learning contract. A copy of this contract must be filed with the appropriate undergraduate dean's office and Office of the University Registrar. Graduate-level courses used to waive undergraduate electives must be completed with a grade of 3.0 ("B") or above prior to graduation with a bachelor's degree.
- d) Students who receive formal approval into a RAMP relationship with a graduate-level program may register for graduate-level courses (5000-6999) as defined within the approved learning contract.

For further information, an undergraduate student may contact the academic dean for the appropriate graduate-level program at CIU. This faculty degree requirement waiver may only be used for graduate-level courses at CIU. For information regarding the College of Education RAMP Program, the Teacher Education program in the College of Education section of this catalog.

Registration

New students receive instructions on the registration process and guidance concerning a course of study from a faculty advisor prior to registering. For returning students, registration materials are available online during the posted pre-registration period and at the beginning of each term. All financial obligations of the preceding semester must be met before the student may register for another term.

Residence Requirements

Undergraduate-level: Associate degree students, regardless of previous undergraduate credits earned, are required to complete a minimum of 16 semester hours of coursework at CIU and at least two consecutive semesters in residence at the site, earning at least six semester hours credit each semester. Bachelor degree students, regardless of previous undergraduate credits earned, are required to complete a minimum of 32 semester hours of coursework at CIU and complete at least two consecutive semesters in residence at the site, earning at least six semester credit hours each semester. While no statutes of limitations for undergraduate degree completion exists, CIU requires that the final 15 semester hours of coursework must be CIU credits unless defined otherwise in a cooperative program. CIU online courses may be used to meet last-semester requirements.

Graduate-level: A majority of credits toward a graduate degree must be earned at either CIU or a CIU site. SSM programs* permit a maximum of 2/3 of the degree to be earned through online courses. (This limit also applies when two degrees are earned concurrently.)

* M.A. (Theological Studies), Bible and Theology Certificate, and the Biblical Ministry Certificate are exempt from this restriction.

Standardized Testing

Undergraduate-level: All standardized testing must be completed within one calendar year of a student's matriculation to CIU. CLEP and DANTES credit must be earned prior to the student's graduating semester. For additional information regarding Advanced Placement Exams (AP Exams), Foreign Language Proficiency Testing Program, College Level Examination Program (CLEP), and DANTES Subject Standardized Tests (DSST), see the "Standardized Test Acceptance and Test Score Criteria" available from the Office of the University Registrar.

Graduate-level:

CoC, CoE, and CICS: Standardized test credit can be utilized to satisfy prerequisite requirements for graduate-level programs if documented on the student's undergraduate transcript. Scores of 3-5 on AP courses, a score of 50 on the CLEP or 55 on the DANTES examinations can be credited to satisfy M.A. in Counseling, M.A. in Teaching, and Master of Education undergraduate prerequisites. SSM standardized test credit is not accepted for SSM graduate-level programs.

Student Assessment for Institutional Improvement

In order to assess and improve our academic programs, periodic measurements of student perceptions and intellectual growth must be obtained. Students may be required to participate in one or more evaluative procedures, including examinations in general academic development and/or a major field of study. Data obtained through evaluative measurements are collected and used solely to improve the quality of the educational experience of future students.

Suspension (See "Probation" in the Student Life Section of this Catalog)

Transcripts

Official transcripts are maintained by the Office of the University Registrar. Students must provide written authorization for the release of transcripts, even to themselves. Transcript requests and payment are made online at online.ciu.edu/ICS/Registrar/Home.jnz. Unofficial transcripts can be printed by current students at CIU Online with no associated cost.

Transfer Credit

Applicants who have completed work in an institution that is accredited regionally or nationally (CHEA recognized) may receive transfer credit for courses in which they received a grade of “C” (2.0) or above. Transfer credit may apply to a student’s program at CIU in one of the following ways:

- Courses that are parallel to required courses in the curriculum of the student’s program may be received as meeting the requirement.
- Courses that do not parallel any required course may be received as elective credit up to the limit of electives for the particular program in which the student enrolls.

To obtain an estimate of transfer credit, applicants must submit transcripts for postsecondary study, an application for admission, and a request for a transcript assessment. The Office of the University Registrar will provide an initial assessment of transfer credit, but a final assignment will be applied at matriculation. After matriculation, requests for transfer credit must be approved by academic petition by the student’s advisor and dean.

For transfer of credit from a non-accredited institution to be considered, the institution must be approved by the examination of institutional evidence that courses meet the standard of academic rigor set by CIU. A copy of the transfer policy is available from the Office of the University Registrar.

Students who wish to take online or summer studies from another institution should consult with their faculty advisor. Courses taken without prior approval may not be applicable as transfer credit to the student’s CIU program.

Graduate-level Students:

Graduate-level students seeking to transfer credit from another institution after matriculation must seek prior permission through academic petition. (For SSM students, transferred courses may be applied to the free elective category of a degree only if a comparable course is offered at CIU at the graduate level. Coursework taken from another school may be credited up to 2/3 of a graduate-level degree in the SSM if not used previously for the award of the same degree or its equivalent.)

Withdrawal

If a student elects to withdraw from a course after the add/drop deadline, he or she must obtain a “Course Withdrawal” form (or a “Withdrawal from the University” form to withdraw from all courses) from the Office of the University Registrar, complete the requested information, and obtain all required signatures before submitting the completed form to the Office of the University Registrar for processing

Failure to attend classes does not constitute withdrawal; failure to follow withdrawal procedures will result in an “F” grade for the course. Deadlines for adding, dropping, and withdrawing from courses comply with federal regulations. (See the [Academic Calendar](#) published by the University Registrar.) Students withdrawing from individual courses or from the University after the published deadline for withdrawing without grade penalty will receive a “WF” (equivalent to the grade of an “F”) on their transcript for any withdrawn courses, except for a granted administrative/medical/military withdrawal (see below). Any tuition refund will comply with the published [tuition refund schedule](#). All course withdrawals are included in pace of completion calculations required for “Satisfactory Academic Progress” (SAP) and may affect financial aid eligibility.

Administrative Withdrawal:

An Administrative Withdrawal with grade penalty is initiated by the administration and given for expulsions due to disciplinary reasons at any time during the academic term. A failing grade will appear on the transcript.

An Administrative Withdrawal without grade penalty is initiated by officials of the University for compelling reasons, such as registration in violation of University regulations, failure to comply with academic requirements, failure to pay University tuition or fees, disciplinary suspension, non-attendance, or other such reasons deemed appropriate by the proper administrative officer. A “W” will appear on the transcript. The Administrative Withdrawal without grade penalty is available at any time during the academic semester between the last date of withdrawal without grade penalty until the final day of the semester. The Administrative Withdrawal without grade penalty may be granted by the academic dean upon submission of a written report by the student, faculty member, or the dean of student life. Any tuition refund will comply with the published [tuition refund schedule](#).

Medical Withdrawal:

A Medical Withdrawal without grade penalty is initiated at any time during the academic term by the student, confirmed by the attending physician, licensed counselor, or psychiatric professional through a signed and dated letter, and processed by the Office of the University Registrar. A “W” will be entered on the transcript. A Medical Withdrawal withdraws a student from all courses, though it may be course-specific when the student is unable to fulfill or compensate for unique course

requirements directly affected by the type of illness or injury. Any tuition refund will comply with the published [tuition refund schedule](#).

Military Withdrawal

Military Withdrawal is available only to students who are active-duty service members or activated reserve-component members of the U.S. armed services (not a contractor or civilian working for the military), and/or are spouses of active-duty members or activated reserve-component members and are ordered to relocate, and, as a result, are unable to meet class attendance and other participation requirements, including web-based activities.

Students and/or spouses should contact the Office of the University Registrar and present a copy of the military orders with formal correspondence on unit letterhead signed by the commander requesting military withdrawal from CIU due to orders. The formal correspondence should include unit commander contact information, and verification of duration and location of pending assignment.

A Withdrawal form will be signed by the student and/or spouse and the reason cited on the form will be “Military.” When approved, the notation “military withdrawal” will be provided on the transcript.

Financial Aid will review eligibility for aid funds already received by the student. Students will be evaluated and advised on the status of their financial aid based on the date of their withdrawal. Students will also be advised of actions required to defer loan(s) repayments based on active military duty. Students with a “military withdrawal” are granted a full tuition refund.

Professional Field Experience Requirements

Three semesters of field experience serve as the minimal requirements for practical skill development for professional majors and minors. Consult with your academic advisor.

Professional Major/Minor 18-45

Beyond the degree core requirements, each student working toward a bachelor's degree selects a professional major and/or minor. A student may declare up to one professional major and two professional minors; or a student may declare no professional major and two professional minors. Courses applied to any part of the bachelor's degree core may not also be applied to the requirements for a professional major or minor. Each professional program has certain required foundational courses, including practical skills courses, and may have designated electives. A course applied to the requirements of any professional major/minor may also be applied to the requirements of a second minor if the course meets the requirements of both programs.

Open Electives 0-34

**Courses are also available as part of the Honors Program. See the Education Opportunities section of this academic catalog for more information.*

To fulfill personal and vocational goals, Columbia International University offers a variety of academic programs, with Bible as the core of each. To understand the Bible it is necessary to know its content, understand its meaning, and apply the truth of the Scripture so that it changes patterns of thinking and behavior. Skill in observing, interpreting, and applying God's Word is necessary. Bible surveys, book studies, topical Bible studies (e.g. theology), and Bible-related subjects are designed with these purposes in mind. To develop skill in the use of the Bible, tools for study and communication are learned and used in such courses as hermeneutics and homiletics. However, to make Christ known in the full sense of the word, it is necessary not only to study the Bible and Bible-related subjects, but to know and communicate well with the people to whom we make Christ known.

As an institution of higher education, at least two relevant reasons for studying general education are essential. First, an important part of studying the various disciplines in general education is to become the fully-formed, creative, reasoning, social creatures that God designed us to be. In doing so we enter into richer relationships with God and others. The second vital reason to study general education is to develop the ability to communicate Christ effectively. By becoming well-formed, we will have reasoning skills, worldview understanding, anthropological knowledge, and historical perspectives that will enable us to reach others.

Undergraduate Objectives

The objectives of our undergraduate programs express specific ways in which we endeavor to accomplish our mission through helping students to develop in spiritual maturity, Bible knowledge, ministry skills, and general education. We take our mission and objectives seriously and have taken care to state these objectives in terms that facilitate assessment. We conduct specific assessment activities each year and the results guide the institutional planning process, enabling us to make improvements.

Focused on Spiritual Formation*

Graduating students should demonstrate a growing intimacy in their relationship with God, as evidenced in the areas of worship, prayerfulness, and faith. Graduating students should demonstrate a biblical understanding of themselves rooted in Christ, as evidenced in the areas of confidence, self-discipline, and stability. Graduating students should demonstrate a growing relationship with the body of Christ as evidenced in the areas of community, unity, and submission. Graduating students should demonstrate a growing maturity in personal relationships as evidenced in the areas of purity, faithfulness, and servanthood. Graduating students should demonstrate a desire to serve God fully as they engage the world as evidenced in the areas of eternal perspective, conviction, and perseverance.

**The faculty recognizes that spiritual formation may be*

defined in various ways. After careful consideration, in 2005 the faculty defined spiritual formation as: "The divinely ordained transformational process by which the Holy Spirit leads believers to embrace the Lord Jesus Christ through the Word of God and by that relationship become progressively freer from sin and more like Christ. The Spirit's formative work occurs in the context of a vital engagement with a community of believers."

Focused on Bible Knowledge

Graduating students should demonstrate basic understanding of the content and composition of the biblical revelation of God's plan of salvation and program of redemption, including a basic grasp of the content, principles of interpretation, and theological teaching of the Bible. Graduating students will demonstrate a thorough understanding of the biblical standards, principles, and provisions for Christ-like living.

Graduating students should demonstrate a basic grasp of the biblical mandate for world evangelization and the role and responsibility of each individual believer and local church.

Focused on Professional Competencies and Ministry Skills

Graduating students should evidence identification and understanding of their spiritual gifts and abilities and evidence ability to use them effectively in ministry.

Graduating students should evidence integration of the cognitive aspects of learning with affective and behavioral aspects by demonstrating competence in development of ministry strategies, development and use of ministry materials, and adequate skill in methods and media of presentation appropriate to their individual academic specialization and vocational goals.

Graduating students should demonstrate development in and adequate reflection of traits and skills for spiritual leadership such as commitment to the biblical priority of world evangelization, personal involvement in evangelizing the lost and promoting righteousness, justice and mercy in society, dependability, creativity, initiative, and vision, and a servant attitude in their ministry skills and internship experiences.

Graduating students should demonstrate technical and human service skills by completing internships or other forms of direct service under professional supervision in their programs.

Focused on General Education

Graduating students should evidence development in formation of a biblical worldview, which provides a framework for interpreting, integrating, and assimilating truth from various realms of revelation and human inquiry.

Graduating students should demonstrate improved achievement and proficiency parallel to that of students of comparable academic aptitude nationally in developing intellectual skills, including proficiency in

written and oral communication, problem solving, and clarifying values.

Graduating students should demonstrate improved achievement and proficiency parallel to that of students of comparable academic aptitude nationally in general educational content areas, including functioning within social institutions, using mathematical data, using science and technology, and using the arts. Graduating students should evidence commitment to the practice of lifelong learning.

Leadership Skill Development

Principles for leadership, spiritual transformation, and ministry formation are not found within a single discipline or course at CIU. Leadership development for believers is inter-disciplinary and requires balance between knowledge, skill development, and life experiences.

All servant-leaders need to know the Lord, themselves, and how to relate positively to others, understand and appreciate the uniqueness of others and their cultures, understand Scripture (including the creation mandate and the Great Commission) understand the nature of Christ's Church, love one another, appreciate and steward God's creation, and do business ethically with others.

Leadership is expressed in multiple settings. Each graduate will face differing leadership responsibilities in the home, local churches, vocational settings, and the community where the student lives. In the context of Scripture, each servant-leader can live and lead victoriously because "His divine power has given us everything we need for life and godliness through our knowledge of Him" (2 Peter 1:3). To this end, the focus of the first two years of a student's bachelor's degree program emphasizes biblical studies, general education courses, and CSL opportunities.

CIU encourages churches to utilize students in a variety of ways. Local churches will encourage students to participate in evangelism-related opportunities, age-graded discipleship and Bible teaching-related opportunities, mission outreach, and other areas as well. Our commitment is to encourage students to build faithful relationships within a local body of Christ. We encourage students to develop a long-term relationship with a church.

The second-year goal is for students to continue a relationship within the local church and, if appropriate to the student's gifting and goals, allow students greater freedom to choose a CSL opportunity within the broader community.

During the final two years of a bachelor's degree program, the focus will emphasize knowledge and practical skill development associated with the professional major and/or minors the student selects. This knowledge is applied in practicum, internship, and other practical skill development opportunities within the community. Each servant-leader has opportunities to

participate in student-led leadership on campus and within the community, including practical opportunities within small groups among peers, chapel, student organizations, and local churches.

Chapel, Conferences, and Local Church Experience

The faculty requires every undergraduate student to regularly attend a local church. We encourage serious commitment and involvement as a college student in order to develop the habits and commitments necessary to function as a servant-leader in a church setting. Local churches provide opportunities for students to gain leadership experience.

The faculty requires each undergraduate student to regularly attend and participate in campus chapel. Chapels provide opportunities for students to gain leadership experience. Chapel attendance is a non-credit degree requirement and is documented each semester as a Pass or Fail.

Special conferences, prayer days, and other events are scheduled throughout the school year to help integrate faith and practice. These events also provide opportunities for students to gain leadership experience.

Christian Service Learning (CSL)

Christian aspect: Students will express their worldview and values as a Christian serving within a local church. The student may also serve their local church through service in the community. Students should regularly attend and participate with other believers within a local church.

Service aspect: Students will become a servant of others. Jesus is our role model for service. He selflessly provided and cared for those in need without any expectation of reward or benefit to Himself. Each student should grow in the ability to serve 1) following the Lord's instruction (Mark 10:35-45), 2) following our Lord's example (John 13:1-17), and 3) following our Lord's attitude (Philippians 2:1-11).

Learning aspect: Students will be intentional in this hands-on approach to learning, preparing a learning contract, practicing self-reflection, and seeking constructive advice from others. Students should mature in their competence, confidence, and character, expressing a commitment to glorify God by serving God in and through the local church.

CSL objectives include: regularly attending and participating in a local church, growing in the ability to serve following the example of our Lord, and maturing in competence, confidence, and character by serving through the church. Students who transfer in at least 63 hours are normally exempt from CSL.
